Each Renewal Term shall be on the same terms and conditions as contained in this Agreement, except that the License Fee shall be mutually agreed by the parties in writing based on the then current market rates for similar telecommunications license agreements for similar buildings. Where the parties are unable to agree on the License Fee payable during a Renewal Term prior to the expiration of the Term or a Renewal Term, as

ARTICLE 5 - USE

5.1 Use of Equipment Room The Licensee shall use the Equipment Room only for the purpose of the installation, operation, maintenance, repair and replacement of the Licensee's Equipment as required by the Licensee for the purpose of providing communications services to the Licensee's customers in the Building.

In the event a check meter is installed, the Licensee shall pay an electrical consumption installment ("Electrical Installment") of \$600.00 (Six Hundred Dollars), payable annually in advance to the Owner on or before the first day of each year. Within a reasonable time after the end of each year of the Term, the Owner shall reconcile the Electrical Installment paid by the Licensee with the actual amount payable by the Licensee for the preceding year based on check meter readings at then applicable rates charted by the local utility during such year. If the actual amount payable by the Licensee exceeds the Electrical Installment, the Licensee shall pay the deficiency, without interest, to the Owner within 30 days after the date of delivery of a statement by the Owner. If the actual amount payable by the Licensee is less than the Electrical Installment, the Owner will pay the excess to the Licensee, without interest. The obligation of the Owner and Licensee to readjust any payment of the Electrical Installment shall survive the expiration or earlier termination of this Agreement.

The Owner shall use reasonable commercial efforts to notify the Licensee in advance of any planned utility outages that may interfere with the Licensee's use. The Licensee agrees that the Owner has no obligation or responsibility to provide emergency or backup power to the Licensee, unless the parties agree that the Owner will provide emergency or backup power to the Licensee on such terms and conditions as mutually agreed between the parties.

6.3 Telephone Service The Licensee, at its sole cost and expense, shall have the right to install a telephone in the Equipment Room if required by the Licensee.

If such interference or conflict arises, the Licensee and Owner shall co-operate to determine the cause of such interference. If it is determined that such interference or conflict arises from the Licensee's work or the Licensee's Equipment, the Licensee shall take steps to eliminate such interference and, failing such elimination within a reasonable period of time, the Licensee shall suspend or modify its operations at the Premises sufficiently to eliminate same.
