for 40 King Street West, Scotia Plaza, Toronto, Ontario**

**THIS LICENSE** made as of the 1st day of June, 2010 (the "Effective Date")

**BETWEEN:**

**THE BANK OF NOVA SCOTIA**  
(the "Licensor")

- and -

**BELL CANADA**  
(**"Bell Canada"**)

and-

**BELL MOBILITY INC.**  
(**"Bell Mobility"**)

(Bell Canada and Bell Mobility are each hereinafter collectively referred to as the  
"Licensee")

**WHEREAS:**

1. The Licensor is the landlord of buildings municipally known as 40 King Street West, 102-104 Yonge Street, and 11 Adelaide Street West, respectively, in the City of Toronto and has the full right and authority to enter into this License in respect of the Complex;
2. The owner of the building municipally known as 44 King Street West, in the City of Toronto, has granted to the Licensor the full right and authority to enter into this License as its agent;
3. SPE Operations Ltd., an entity related to the Licensor, and Bell Canada previously entered into a Telecommunications License Agreement with an effective date of May 1, 2005 in respect of the grant to Bell Canada of access to the Complex (the "**Prior Telecommunications License Agreement**");

Master Agreement #:  
Agreement #: 1-580707215

4. The Prior Telecommunications License Agreement was amended by a License Amending Agreement between the Licensor and Bell Canada, effective September 1, 2009, to add Bell Mobility as a party to the Prior Telecommunications Access Agreement;
5. The Prior Telecommunications Access Agreement, as amended by the License Amending Agreement, has renewed according to its terms;
6. The Licensee wishes to continue to provide Services in the Complex;
7. In order to provide Services in the Complex, the Licensee requires a license to access and use the MTR, the Equipment Room, the Caged Area(s), and certain other space in the Complex to construct, install, connect, test, operate, maintain, repair, disconnect, service, upgrade, modify, replace and remove the Equipment;
8. The Licensor has agreed to grant the Licensee the license it requires on the terms and conditions set out herein and the parties have agreed that, as of the Effective Date of this License, this License supercedes and replaces the Prior Telecommunications Access Agreement as amended by the License Amending Agreement.

NOW THEREFORE, in consideration of the mutual covenants and agreements contained in this License and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

## 1. Schedules

1.1 The Schedules referred to in this License and attached hereto are deemed to be incorporated herein and include the following:

- (a) Schedule "A" – Description of the Lands;
- (b) Schedule "B" – Location of MTR Space, and the Caged Area of the Equipment Room;
- (c) Schedule "C" – Definitions;
- (d) Schedule "D" – License Fee and Space Allocation;
- (e) Schedule "E" – Rules and Regulations;
- (f) Schedule "F" – Licensors and Licensee's Work;
- (g) Schedule "G" – Interference;
- (h) Schedule "H" – Role of the Consultant;
- (i) Schedule "I" – Location of the DAS

as amended from time to time, and such additional schedules as the parties may hereafter agree in writing to include in this License.

## 2. Grant

2.1 As of the Effective Date, this License supercedes and replaces the Prior Telecommunications Access Agreement, as amended by the License Amending Agreement.. The Licensor hereby grants the Licensee the right to operate the Equipment in the Complex in order to: (i) provide the Services to tenants, licensees and other occupants of the Complex; (ii) as required by the CRTC, to permit other local exchange carriers to cross-connect to Bell Canada's IBW in accordance with Section 6(c); and (iii) as required, to permit Third Party Service Providers and Other DAS Users to connect to Bell Mobility's DAS. In order to provide such Services, the Licensee may, in accordance with this License:

- (a) construct, install, connect, test, operate, maintain, repair, service, upgrade, disconnect, modify, replace and remove the Equipment;

\*%3%69%1-580707215%1%\*

- (b) subject to the Licensee's compliance with the Rules and Regulations, use the Buildings, MTR, Equipment Room, Caged Area(s) and Lands including the Entrance Links, the Main Distribution Frame, and all Pathways as necessary for the provision of the Services;
- (c) connect the Entrance Cable to the Wireline Equipment and the Main Distribution Frame, through the MTR and Equipment Room (as the case may be);
- (d) connect elements of the Equipment to the IBW of Bell Canada and with the approval of the Licensor, to other equipment or Cable in the Complex including the electric power distributing system within the Complex ; and
- (e) connect the Equipment to the Fibre Optic Cable of Bell Mobility and Bell Canada and with the approval of the Licensor, to other equipment or Cable in the Complex including the electric power distributing system within the Complex.

Licensee acknowledges that it has inspected the Equipment Room, the Caged Area(s), the MTR and such other areas as may be required by the Licensee for the provision of the Services and has found same satisfactory for its purposes and its operations under this License.

2.2 In order that the Licensee has the access required to exercise the rights granted above, Licensor grants the following license regarding access:

- (a) an exclusive license to access and use the Caged Areas and the MTR Space;
- (b) subject to Sections 2.2(d) and 2.4, a non-exclusive license to access and use the MTR, the Equipment Room, the location(s) of the DAS described in Schedule "I" and those portions of the Complex and common areas or facilities, necessary to bring the Entrance Cable from the property line of the Lands through the Entrance Links of the Buildings, to the Equipment Room, the MTR and all related Pathways;
- (c) except when prevented by failure of electric or other power or by reason of repairs or other causes beyond the control of the Licensor, a non-exclusive license to use at least one (1) service elevator, the stairways and the passages therefrom at all times, subject to compliance with the Rules and Regulations; and

- (d) a non-exclusive license to use, during the business hours for the Complex in compliance with the Rules and Regulations, and in common with all other persons entitled to use them, the parts of the common facilities and common areas appropriate, intended and designated from time to time by the Licensor for the purpose of this License.

2.3 All access granted herein may be exercised by the Licensee twenty-four (24) hours per day, three-hundred and sixty-five (365) days per year subject to:

- (a) the Licensor's reasonable Rules and Regulations as set out in Schedule "E";
- (b) Licensor's emergencies; and
- (c) any event or act of Force Majeure as provided in Section 25.

2.4 This License shall not constitute a right by the Licensee to have or claim a property interest in, or leasehold interest in any part of the Complex.

2.5 The Licensee accepts the licenses and access rights granted in Section 2.2 on an "as is/where is" basis.

### 3. Fees and Additional Costs

3.1 (a) Unless otherwise agreed to by the parties in writing, beginning on the Commencement Date, and on each successive anniversary date of the Commencement Date annually during the Initial Term thereafter, Bell Canada agrees to pay to the Licensor an annual fee equal to CAD \$25/sq. ft. of the square footage in the MTR Space and the Caged Area(s) of the Equipment Room (the "**Bell Canada License Fee**"). The Bell Canada License Fee for each Extension Term shall be determined as set out in Section 4.2 below, and Bell Canada shall pay the agreed Bell Canada License Fee for all Extension Terms that are exercised as at the commencement of each such Extension Term and annually thereafter during such Extension Term.

(b) Unless otherwise agreed to by the parties in writing, beginning on the Commencement Date, and on each successive anniversary date of the Commencement Date annually during the Initial Term thereafter, Bell Mobility agrees to pay to the Licensor an annual fee of \$2,000.00 (the "**Bell Mobility License Fee**"). The Bell Mobility License Fee for each Extension Term shall be determined as set out in Section 4.2 below, and Bell Mobility shall pay the agreed Bell Mobility License Fee for all Extension Terms that are exercised as at the commencement of each such Extension Term and annually thereafter during such Extension Term.

3.2 Bell Canada agrees to pay the Bell Canada License Fee to the Licensor without any set-off, deduction or abatement whatsoever, in equal advance monthly payments, due the first day of each month throughout the Initial Term and all Extension Terms.

3.3 In addition to the License Fee, the Licensee agrees to pay for all other reasonable costs incurred by the Licensor in connection with this License, including without limitation:

- (a) the costs associated with the installation by the Licensor of a check meter to measure the electrical consumption of the Equipment and the Licensee agrees to pay for such electrical consumption based on the metered use of same. In the event the Licensor elects not to install a check meter and in the event the electrical consumption is not included in the License Fee, then the Licensor and Licensee shall, acting reasonably, estimate the amount of the electricity to be consumed by the Licensee, which amount shall be paid annually and in advance throughout each year of the Initial Term, and any Extension Term, as applicable. If the annual estimated payment by the Licensee is less than actual consumption of the electricity then the difference shall be refunded to the Licensor within sixty (60) days of the determination of the actual electrical consumption. If the annual estimated payment is greater than the actual consumption of the electricity then the difference shall be refunded to the Licensee within sixty (60) days of determination of the actual electrical consumption;
- (b) any business taxes, realty taxes and other taxes imposed upon the Licensor, (save and except any income or capital taxes), on account of the Equipment being anywhere on the Complex, including in the MTR Space, the Caged Areas of the Equipment Room, all other Caged Area(s) and Pathways, as well as applicable sales taxes with respect to any amounts paid by the Licensee to the Licensor under this License; and
- (c) such other reasonable costs as may be agreed to by the parties in writing.

Master Agreement #:  
Agreement #: 1-580707215

3.4 If the Licensee fails to pay when due any invoiced amounts due under this License, interest shall accrue on the unpaid amount from the due date to the date of payment at the rate per annum which is 3% above the then current prime interest rate charged by the Licensor's bank and shall be payable by the Licensee to the Licensor forthwith on demand. All amounts owed by the Licensee under this License shall be invoiced by the Licensor and paid by the Licensee within sixty (60) days from the receipt of the invoice.

#### 4. Initial Term and Extension Term

4.1 This License is for a term of six (6) years, commencing on June 1, 2010 and expiring on May 31, 2015 (the "**Initial Term**"). The Initial Term shall thereafter automatically be extended for a maximum of two (2) consecutive periods of five (5) years each (an "**Extension Term**") on the existing terms and conditions as contained in this License, (save and except that there shall be no further right to extend beyond the end of the second (2<sup>nd</sup>) Extension Term) as may be modified from time to time by the parties, unless either party, not less than one hundred and twenty (120) days prior to the end of the Initial Term or the then-current Extension Term, as the case may be, provides written notice to the other party that the notifying party does not wish to extend this License in which case this License shall terminate upon the expiry of the Initial Term or the then-current Extension Term, as the case may be.

4.2 The annual License Fee to be paid during the Extension Terms will be determined by agreement between the parties based upon a rate equivalent to the rate for the alternate use of the space. If the parties cannot agree to the annual License Fee payable during any Extension Term as described above, ninety (90) days prior to the expiration of the Initial Term or Extension Term, as the case may be, the annual License Fee payable during such Extension Term shall be determined by arbitration in accordance with the provisions of Section 26 of this License, subject to Section 22 of this License.

4.3 If the determination of the amount of the annual License Fee payable during the Extension Term is delayed beyond the commencement of the Extension Term, the Licensee will continue to pay the License Fee in the amount payable during the immediately prior initial Term or Extension Term, as the case may be. When the annual License Fee for the Extension Term is determined, the Licensor will refund any overpayment of the License Fee or the Licensee will pay any deficiency in the License Fee, as applicable.

## 5. Installation & Maintenance of Equipment

5.1 The Licensee will be required and hereby agrees to obtain all required permits and approvals at its cost prior to installing any Equipment and prior to making any changes, additions, improvements or alterations to same.

5.2 The Licensee will:

- (i) provide Engineered Plans for approval by the Licensor including X-rays of the applicable part(s) of the Building foundation or structural elements, prior to any construction, installation, modification or replacement of Equipment which requires penetration of a Building's foundation or which impacts the structural elements of a Building, such plans to be prepared by a Licensor approved engineer;
- (ii) provide Working Drawings for approval by the Licensor approval of which shall not be unreasonably withheld, conditioned or delayed, prior to any construction, installation, modification or replacement of Equipment which impacts the base Building systems or base Building. Such Working Drawings to be prepared by the Licensee or its contractors, or by the Licensor's contractors, at the option of the Licensee; and
- (iii) provide Working Drawings for approval by the Licensor approval of which shall not be unreasonably withheld, conditioned or delayed, prior to a material installation of Equipment which would materially impact the availability of space within the Pathways.

All construction, installations, modifications and replacement of Equipment requiring Licensor approval as above, are to be in accordance with the plans and specifications approved by the Licensor, and such work shall be subject to supervision by the Licensor. All such approvals by Licensor shall not be unreasonably withheld, conditioned or delayed. The Licensee covenants to install the Equipment in accordance with the Working Drawings or Engineered Plans as approved by the Licensor. All Working Drawings and Engineered Plans approved in writing by the Licensor shall be incorporated by reference hereto and form a part of this License. In the event of a conflict between a Working Drawings and Engineered Plans approved in writing by the Licensor and this License, such approved Working Drawings and Engineered Plans shall govern.

\*%8%69%1-580707215%1%\*

5.3 (a) The Licensee acknowledges and agrees that the: Buildings, MTR, Caged Area(s), Equipment Room, Lands, Entrance Links, Main Distribution Frame, and all Pathways, (collectively, the “**Building Elements**”) are “as is, where is”.

(b) The parties agree that it shall be the Licensee’s sole obligation and not that of the Licensor, to construct, install, connect, test, service, upgrade, disconnect, modify operate, maintain, repair and replace or remove all of the Equipment, and to pay for all architectural, electrical or mechanical upgrades or costs (such as, without limitation, repairs or upgrades to ceilings, electrical power systems and HVAC systems) that may be necessary by reason of the installation, operation, replacement or upgrading of any Equipment.

5.4 Licensor and any person authorized by Licensor shall have the right at any time and from time to time, except in the case of a real or perceived emergency, in which event no notice shall be required, to do any or all of the following:

- (a) with forty-eight (48) hours prior written notice to the Licensee, to install, maintain and/or repair pipes, wires, ducts or other installations, in, under or through the MTR Space, Caged Area(s) or Equipment Room for or in connection with the supply of any services to the MTR Space, Caged Area(s) or Equipment Room or for or in connection with the supply of any services or repair of other parts of the Complex where it is necessary to access the MTR Space, Caged Area(s) or Equipment Room in order to provide such services or make such repairs; and
- (b) with ten (10) Business Days prior written notice to the Licensee, to install, maintain, and/or repair additional telecommunication facilities in the Complex, from time to time as Licensor may desire, provided such facilities do not physically interfere with the Equipment or the Licensee’s delivery of the Services.

Upon entry, except in the case of a real or perceived emergency, the Licensor shall be accompanied by an employee, agent or other representative of the Licensee, and the Licensor shall not take any action while in the MTR Space or Caged Area(s) that could adversely affect the Equipment or Services, including, without limitation, disconnecting the electrical power supply to any Equipment or disconnecting or shutting down the Services in any way whatsoever, unless the Licensor has obtained the prior written consent of the Licensee to do so or unless same is necessary or unavailable due to a real or perceived emergency.

5.5 The Licensor may appoint a third party consultant to represent the Licensor's interest hereunder as per Schedule "H" (the "Consultant").

## 6. Cable Provisions

Provisions of this Section are included in this License to define the relationship between the Licensor and Licensee with respect to the installation and operation of Cable in the Complex, and the use of Pathways.

### (a) Licensee's Cable

During the Initial Term and any Extension Term of this License, the Licensee shall be granted access to the Pathways for the purpose of installing the Entrance Cable, IBW and Fibre Optic Cable and coaxial cable for the Licensee's use in the Pathways in quantities and in accordance with specifications, in both cases, approved by the Licensor in accordance with Section 5.2 of this License. Any installation work, or other work undertaken by the Licensee, shall be in accordance with Section 5.2 of this License. In accordance with Section 5.2 of this License, the Licensee shall provide the Licensor with Engineered Plans or Working Drawings as required. The Licensee shall not begin any work until the Licensor's written approval (not to be unreasonably withheld, conditioned or delayed) of the Engineered Plans or Working Drawings have been received. At the time of submitting a written request for such approval to the Licensor, the Licensee shall provide the Licensor with complete information relating to the work to be performed and the specifications related to the Entrance Cable, IBW and, if applicable, Fibre Optic Cable, to be installed and information related to the installation, repair and maintenance thereof (including without limitation, all permits, governmental approvals, technical plans and specifications, drawings, weight, proposed installation, location, power supply sources and all ancillary and related work).

(b) Unless otherwise agreed to in writing by the parties, the parties agree that (i) any IBW installed subsequent to the signing of this License shall be labeled in accordance with accepted telecommunication industry standards meaning the IBW will be labeled at the MDF and in each riser closet, indicating that it is a "Bell" cable in addition to where it starts and where it terminates, and (ii) any Fibre Optic Cable or coaxial cable installed subsequent to the signing of this License shall be labeled in accordance with accepted telecommunication industry standards.

Master Agreement #:  
Agreement #: 1-580707215

- (c) The Licensor acknowledges and agrees that Bell Canada must allow the cross-connection or permit the cross-connection of the IBW by any other LEC as required by the CRTC and/or permitted under this License. To “cross-connect” means to connect one wire or cable under the management and control or ownership of another carrier by anchoring each wire to a connecting block and placing a third wire between the two, or by any other means and any other connection of the telecommunication system or any of its components that is under the management, control or ownership of a carrier to a system or any component of another carrier.
- (d) The Licensor acknowledges and agrees that Bell Mobility may permit the connection of Third Party Service Provider equipment to the DAS as permitted under this License. Connection of such equipment involves the attachment of passive combing or coupling hardware to the DAS.

## 7. Certain Specific Licensee Obligations

The Licensee shall:

- (a) conduct all activity in a first class manner consistent with a first class building, be responsible for all aspects of the operation of all of the Equipment, and ensure that its activities in the Complex do not interfere with the normal operation of the Complex;
- (b) ensure that its employees, agents and contractors engaged in the activities permitted by this License, (i) abide by all of the terms of this License, (ii) at all times conduct themselves in a first-class manner; and (iii) maintain a professional appearance and demeanor;
- (c) not keep, use or store in or upon the Complex any Hazardous Substances;
- (d) ensure that no construction or other lien is registered or filed against the Lands and prohibit any contractor retained by it and each of their subcontractors from doing any work to the Equipment if the contractor or subcontractor is not in good standing under applicable worker compensation insurance requirements;

\*%11%69%1-580707215%1%\*

- (e) comply with all provisions of applicable health and safety legislation, including the *Occupational Health and Safety Act* (Ontario), as amended in force in that it is solely responsible for the health and safety of all its employees with respect to the obligations of the Licensee hereunder and will take reasonable steps to prevent bodily harm or injury to any Person that the Licensee: (1) undertakes to direct how such Person does work or performs a task; or (2) has the authority to direct how that Person does work or performs a task;
- (f) keep and maintain the Equipment Room, the MTR and the Caged Area(s) clean and tidy and avoid making or causing clutter, untidiness, or causing the need for repairs in or to the Pathways or any other part of the Complex, and to abide by Licensors' Rules and Regulations for the disposal of trash. If, as the sole result of the Licensee's activities within the Complex, the Licensor incurs any additional cleaning or maintenance costs or expenses, the Licensee shall be responsible to pay any such additional costs, upon receipt of an invoice from the Licensor;
- (g) pay the Licensor the cost and expenses that arise in connection with security escorted access to the Pathways, if requested by the Licensor as consistently applied by the Licensor to all utilities and persons accessing the Buildings, within 60 days of receiving an invoice from the Licensor. Such fee shall be cost based and shall not be charged if recovered by the Licensor from the tenants, licensees or occupants of the Complex as occupancy costs or additional rent or any variation thereof;
- (h) pay the Licensor, within 60 days of receipt of an invoice from the Licensor, the Licensor's cost for review of the Engineered Plans and Working Drawings by the Licensor as provided in Subsection 5.2;
- (i) following completion of the installation and any modifications that may affect the structural elements of the Complex, the Licensee will provide the Licensor with a certificate of a professional engineer acceptable to the Licensor, certifying that the installation of all Equipment has been carried out in accordance with the plans and specifications approved by the Licensor and its designated representatives;

Bell

Agreement #: 1-580707215

- (j) reasonably limit space required by the Equipment and cooperate with the Licensor and any other LEC, Third Party Service Provider and/or Other DAS User to accommodate any other LEC, Third Party Service Provider and/or Other DAS User in available space in the Complex so as to minimize impact on the Complex;
- (k) not carry on any operations or business in the Complex save and except as reasonably necessary for the purposes of providing the Services or as otherwise agreed to by the parties;
- (l) not bring or store in the MTR Caged Area(s) and/or Equipment Room any equipment, materials or property other than the Equipment used in connection with this License;
- (m) not tamper with equipment or systems of other users of the Complex;
- (n) not cut or damage any wiring or cabling of other telecommunications systems in the Complex;
- (o) not make any alterations of any nature to any part of the Complex, including, without limiting the generality of the foregoing, the MTR, Caged Area(s) Equipment Room and the mechanical, electrical, heating, ventilating and air-conditioning systems of the Complex, other than as approved in writing by the Licensor, which approval shall not be unreasonably withheld, conditioned or delayed;

\*%13%69%1-580707215%1%\*

- (p) ensure that all of the Equipment from time to time used in connection with this License shall be first class quality communications equipment. Licensee shall be responsible for maintenance and repair in good order to the foregoing standard, of the Equipment and the work and equipment described in Section 2 of Schedule "F" attached hereto specifically. Installation, maintenance and repair work of the Equipment shall be performed by technicians having qualifications suitable for such work and shall be performed in accordance with CSA standards, or if other nationally recognized standards are applicable to the Equipment, in accordance with such other nationally recognized standards. Maintenance and repairs to the Equipment contained in the MTR, Caged Area(s) and the Equipment Room and which is not directly connected to any base Building systems shall be performed by Licensee. In the event that Licensee fails to perform the work described in Section 2 of Schedule "F" to a reasonable standard of quality, the Licensor may require that it or its contractors perform such work described in Section 2 of Schedule "F", in which case, the cost thereof shall be payable by the Licensee to the Licensor on demand as Additional Fees. Before commencing any changes or modifications to the Equipment that could have a material adverse impact on tenants, licensees or occupants or the Buildings themselves, the Licensee shall comply with Section 1(b) of Schedule "F";
- (q) give the Licensor prompt written notice of any accident or of any fire in the MTR, Caged Area(s) or the Equipment Room of which it is aware and of any damage to transmitters and other equipment of other users of the Complex of which it is aware, but, unless otherwise expressly provided, there shall be no obligation on the part of the Licensor to repair or make good any such matters;
- (r) comply with all applicable laws, by-law provisions, rules and regulations of governmental and local municipal departments, agencies, authorities and officials as may from time to time having jurisdiction, including without limitation, Industry Canada and the CRTC in respect of Licensee's use of the MTR, Caged Area(s) and the Equipment Room and in respect of the Equipment. In the event the CRTC issues a ruling or decision in respect of Licensee's access rights to the Complex or use of the Equipment while this License is in effect, the parties agree that this License will be amended by the parties in such a manner so as to give effect to such ruling or decision;

- (s) comply with the Licensor's Rules and Regulations with such variations, modifications and additions as shall from time to time be made by the Licensor and prior notice of which is given to the Licensee in writing. Such Rules and Regulations shall be observed and performed by the Licensee and its agents, clerks, servants and employees. No provisions of this Section shall be enforced against the Licensee in a discriminatory manner;
- (t) not disclose the Licensor's Confidential Information, except as may be required by law, or to Licensee's employees or subcontractors or other third parties as required in furtherance of Licensee's obligations hereunder and then only where such disclosure is subject to confidentiality obligations at least as protective as those owed by the Licensee to the Licensor hereunder; and
- (u) to use at least the level of care it would to protect its own Confidential Information to protect Licensor's Confidential Information.

## 8. Licensor's and Mutual Representations and Warranty and Covenants

- 8.1 (a) The Licensor represents and warrants that:
- (i) it is the landlord of the Buildings municipally known as 40 King Street West, 102-104 Yonge Street, and 11 Adelaide Street West, respectively, in the City of Toronto and has the full right and authority to enter into this License in respect of the Complex;
  - (ii) the owner of the building municipally known as 44 King Street West, in the City of Toronto, has granted to the Licensor the full right and authority to enter into this License as its agent;
  - (iii) the Licensor has the right and authority to grant this License to the Licensee; and
  - (iii) the description of the Lands in Schedule "A" is the proper legal description of the Lands.

8.2 The Licensors covenants with the Licensee as follows:

- (a) to cooperate with the Licensee if required, in obtaining all necessary consents, permits and authorizations as may be required by any federal, provincial and municipal or other governmental authority having jurisdiction over the Licensee's installation, connection, testing, operation, maintenance, modification and upgrading repair, disconnection, replacement and removal of the Equipment, and/or the provision of the Services by the Licensee. To this end, Licensors will, without restricting the generality of the foregoing, execute, in a timely fashion, all necessary authorizations to enable the Licensee to obtain building permits, plans, drawings, site plan approvals and zoning and bylaw amendments and variances, and to obtain the release of any information with respect to the Complex from any person, in respect of Licensors' rights and obligations in this License that are approved by the Licensors as required herein, all at the Licensee's expense;
- (b) to cooperate with the Licensee in order to verify any reasonable costs that the Licensors may seek reimbursement from the Licensee in accordance with the terms and conditions set out in this License. Except as specifically otherwise agreed by the parties in this License, all reasonable costs payable by the Licensee must be in accordance with generally acceptable telecommunication industry practices and must be consistent with how all other tenants and or service providers are charged for similar services;
- (c) to be responsible for the supply of electrical power in the Complex on an "as is, where is" basis, except as otherwise provided in Section 1(a) of Schedule "F";
- (d) to be responsible for the supply of base Building system heating, ventilating and air conditioning in the Complex, on an "as is, where is" basis;
- (e) not tamper with, rearrange, use, or abuse the Equipment or permit or assist others to do so in any manner that Interferes with the Services, their provision, the Equipment, or any access to the Equipment by Licensee or any Third Party Service Provider or in any manner that violates applicable laws or any third party rights;
- (f) to comply with all applicable laws and regulations in performing its obligations hereunder; and

- (g) not disclose the Licensee's Confidential Information, except as may be required by law or to Licensor's employees or agents in furtherance of Licensor's obligations hereunder and then only where such disclosure is subject to confidentiality obligations at least as protective as those owed to by the Licensor to the Licensee hereunder.

8.3 The Licensor shall maintain the Complex in good order and condition to the extent required in this License having regard to its intended purpose.

8.4 Each party represents, warrants, and covenants that:

- (a) it has the full corporate right, power and authority to enter into this License and to perform the acts required of it pursuant to this License;
- (b) the execution of this License, and the performance of its obligations and duties pursuant to this License do not and will not violate any license to which it is a party or by which it is otherwise bound;
- (c) when executed and delivered, this License will constitute the legal, valid and binding obligation the representing party, enforceable against it in accordance with its terms; and
- (d) each party acknowledges that the other parties make no representations, warranties or licenses related to the subject matter hereof that are not expressly provided for in this License.

## 9. Interference

9.1 The Licensor and Licensee agree to resolve any issues in connection with Interference in accordance with the terms and conditions of Schedule "G".

## 10. Relocation and/or Modification of MTR, Caged Area(s) or Equipment Room

### 10.1 Licensor Relocations and Modifications

- (a) The Licensor can, at any time:
  - (i) move, relocate or modify the MTR, Caged Area(s), or the Equipment Room, or any part of any of them, within the Complex; and
  - (ii) move, relocate or modify corridors, stairwells and common elements as Licensor may reasonably require, including the reduction, increase or change of the size, location and contours thereof, provided always that access to and from the MTR Space or Caged Area(s) to the stairwells and fire escapes required by law on the floor on which the MTR Space, Equipment Room or Caged Area(s) is located is at all times available.
- (b) If the Licensor requires the Licensee to move, relocate or modify all or any portion of the Equipment pursuant to Section 10.1(a)(i) or (ii) above, such move, relocation or modification will be at the Licensor's expense, and the Licensee will move, relocate or modify its Equipment as requested within one hundred and twenty (120) of written notice from the Licensor. In the case of a move or relocation, the Licensee will move or relocate to an alternative MTR, Caged Area(s) or Equipment Room within the Buildings, designated by the Licensor which location shall be sufficient to allow the Licensee to provide the type, level and quality of services provided by it prior to such relocation. If the Licensee fails to move, relocate or modify any Equipment, (including, without limitation, any failure by the Licensee to move or relocate within the MTR, Caged Area(s) or Equipment Room), as requested by the Licensor within the one hundred and twenty (120) days, then the Licensor may remove or modify such Equipment at the Licensee's expense, and without any liability on the part of the Licensor for any loss, cost, damage or expense arising from, or connected with that action by the Licensor.
- (c) As part of any move, relocation or modification under this License, the parties agree to use commercially reasonable efforts to ensure any such move, relocation, or modification does not interfere with, interrupt or degrade the Services which may include, but is not limited to the parties ensuring that the Equipment is installed and activated in the relocated areas prior to dislocation from the existing space.

## 10.2 Licensee Relocations and Modifications

Where the Licensee requests the Licensor's consent for any move, physical relocation or material and substantial modification of the MTR, Equipment Room, the Caged Area(s) or Pathways, as the case may be, the Licensee shall be responsible for all direct costs incurred by Licensee associated with any such movement, relocation, modification including any disconnection or reconnection of the Equipment as may be required to accommodate such change.

## 11. Control and Management of Complex

11.1 The Complex shall at all times be under the exclusive control and management of the Licensor. The Licensor may from time to time alter, expand, diminish, operate, renovate, remerchandise and supervise the Complex including the common facilities, and may change its areas, locations and arrangements and do whatever else to it that the Licensor determines to be advisable.

11.2 In its control and management of the Complex the Licensor shall, upon receipt of any advice or notice of any planned or intentional power interruption for the Complex, advise the Licensee, in writing, of same forthwith upon receipt of such advice or notice.

## 12. Removal of Equipment- Termination or Expiration of License

### 12.1 Equipment

- (a) At the expiration or earlier termination of this License, the Licensee shall, at the Licensee's sole cost and expense, remove the Entrance Cable, the IBW, the Fibre Optic Cable and all other items of the Equipment, except any part of it that by agreement between the Licensee and the Licensor has been acquired by the Licensor, and all of the Licensee's personal property from the Complex. This obligation to remove the Entrance Cable, the IBW, the Fibre Optic Cable and all other items of the Equipment shall be subject to any CRTC-mandated obligations upon the Licensee to provide services to other TSPs. Subject to (b) below, if any property that is required to be removed is not so removed within thirty (30) Business Days after the termination, the property may be removed and stored by the Licensor at the Licensee's expense, or destroyed at the Licensee's expense, at the Licensor's option. The Licensee further agrees, at its sole cost and expense, to repair or refinish all damage to the Complex and Licensor's property caused by the operation or removal of the Entrance Cable, the IBW, the Fibre Optic Cable and Equipment (reasonable wear and tear excepted). If the Licensee fails to repair or refinish any such damage, the Licensor may, in its sole discretion, repair or refinish such damage (reasonable wear and tear excepted) and the Licensee shall reimburse the Licensor of all direct costs and expenses incurred in such repair or refinishing.
- (b) Notwithstanding the foregoing, if due to CRTC mandated obligations upon the Licensee to provide services to other TSPs, the Licensee is not permitted by Section 12.1(a) to remove the Entrance Cable, the IBW, the Fibre Optic Cable or other items of the Equipment ("**Exempted Items**") then despite the expiration or termination of this License, all of the obligations of the Licensee under this License will continue in full force and effect except that the obligation to pay the relevant License Fees will be suspended so long as the Licensee does not provide Services to tenants, licensees and other occupants in the Complex. As at the end of the Licensee's CRTC-mandated obligations, the Licensee shall either remove the Exempted Items as described in Section 12.1(a) above, or transfer title to the Exempted Items to the Licensor or a third party within thirty (30) days following the end of the Licensee's CRTC-mandated obligations.

12.2 Except as otherwise provided in Section 12.1 above the Licensor and Licensee agree that all Equipment is and will remain the property of the Licensee following the expiration or termination of this License and that the Equipment will not be considered fixtures, notwithstanding that all or some of it may be affixed to the Complex, Buildings, MTR, Equipment Room or the Caged Area(s).

### 13. Insurance

13.1 Licensee will, without limiting its obligations or liabilities under this License, at its own expense, obtain and maintain, during the Initial Term or any renewal:

- (a) Commercial general liability insurance in an amount not less than Five Million (\$5,000,000.00) Dollars inclusive per occurrence against liability for bodily injury, personal injury, death and property damage including contingent employer's liability, contractual liability and non-owned automobile liability relating to Licensee's use and occupation of the MTR, Equipment Room, Caged Area(s), and the Complex pursuant to this License. The required insured amount shall be composed of any combination of primary and excess (umbrella) insurance policies. Such insurance shall name Licensor as an additional insured limited to the extent of the negligence of Licensee or those for whom Licensee is responsible in law and include both cross-liability and severability of interest clauses.
- (b) "All risks" property insurance in an amount not less than the replacement cost of Equipment in the Equipment Room, MTR and/or Caged Area(s).
- (c) Boiler and machinery insurance for electrical and mechanical breakdown of heating, ventilation and air conditioning machinery and equipment of the Licensee.
- (d) The all-risks property insurance and boiler and machinery insurance required to be maintained by Licensee shall be primary with respect to other similar or complementary insurance carried by Licensor, and the commercial general liability insurance required to be maintained by Licensee shall be primary with respect to other similar or complementary insurance carried by Licensor limited to the extent of Licensor's rights as an additional insured. If Licensee does not maintain insurance coverage required in this Section, Licensor shall have the right to purchase such required insurance covering Licensee, and charging back Licensee for its cost.

Master Agreement #:  
Agreement #: 1-580707215

Prior to the commencement of the Initial Term and each Extension Term, the Licensee shall provide Licensor with a certificate evidencing the insurance required above, as well as any renewal certificates thereafter for the duration of the License recording that Licensor shall receive thirty (30) days written notice prior to cancellation to the detriment of Licensor.

**13.2** Licensor will, without limiting its obligations or liabilities under this License, at its own expense, obtain and maintain during the Initial Term or any renewal:

- (a) Commercial general liability insurance in an amount not less than Five Million (\$5,000,000.00) Dollars inclusive per occurrence against liability for bodily injury, personal injury, death and property damage relating to Licensor's ownership, use, occupation, operation, management and/or maintenance of the Complex. The required insured amount for comprehensive general liability shall be composed of any combination of primary and excess (umbrella) insurance policies.
- (b) "All risks" property insurance in an amount not less than the replacement cost of the Complex.
- (c) Boiler and machinery insurance for electrical and mechanical breakdown of heating, ventilation and air conditioning machinery and equipment in the Complex.

Notwithstanding the foregoing, the insurance described in this Section 13.2 may be taken out by Licensor under its blanket insurance policy in force from time to time, provided, however, that should the coverages, amounts, forms and deductibles contained in Licensor's blanket policy in force from time to time not fulfil all the minimum requirements and obligations of the Licensor pursuant to this License, then Licensor shall be deemed to have self-insured and to have fulfilled its insurance obligations. Licensee shall under no circumstance, have, or to be deemed to have, any insurable interest in such policies for the right to receive any proceeds of insurance from policies carried by Licensor[NTD: Revision to make it clear agreement's intent remains that Bell can still subrogate against BNS' liability insurers for recovery of losses caused by Scotia's negligence.]. Licensor shall not in any way be accountable to Licensee regarding the use of any insurance proceeds arising from any claim, and Licensor shall not be obliged to account for such proceeds, nor to apply such proceeds to the repair or restoration of that which was insured except to the extent provided herein.

#### 14. Indemnity

**14.1 Indemnity from Licensee to Licensor** Subject to Section 14.3(i), except to the extent caused by the negligence or wilful misconduct of the Licensor Releasees, Licensee shall be liable for and shall defend, indemnify and save harmless the Licensor Releasees from and against all losses, costs, charges, damages and expenses suffered by any of the Licensor Releasees to the extent caused by the negligence or wilful misconduct of the Licensee Releasees in connection with:

- (i) any personal injury or death to any Person caused by any of the Licensee Releasees, excluding Bell Mobility or Bell Canada, as applicable, if Bell Mobility or Bell Canada, as applicable, did not cause such personal injury or death;
- (ii) any damage to the Complex or to tangible property in or at the Complex caused by any of the Licensee Releasees, excluding Bell Mobility or Bell Mobility, as applicable, if Bell Mobility or Bell Canada, as applicable, did not cause such property damage; and
- (iii) any claim from a third Person to the extent that such claim: (1) arises from Bell Canada or Bell Mobility's failure, as applicable, to perform its obligations under this License; or (ii) is attributable to any Equipment, Wireline Services or Wireless Services supplied by Bell Canada or Bell Mobility, as applicable, and not the Wifi Network.

If notified promptly in writing by Licensor of any such claim brought against a Licensor Releasee (a "**Licensor Claim**"), Licensee shall, at its own expense, defend all suits, actions and other legal proceedings that may be brought or instituted against any of the Licensor Releasees in respect of the Licensor Claim, and shall pay any judgment or decree finally awarded by a court of competent jurisdiction which may be given against any or all of the Licensor Releasees in any legal proceeding or any final settlement amounts agreed by the claimant and the Licensor Releasees, and shall reimburse the affected Licensor Releasees for all reasonable legal expenses incurred in connection therewith.

**14.2 Indemnity from Licensor to Licensee** Subject to Section 14.3(i), except to the extent caused by the negligence or wilful misconduct of the Licensee Releasees, Licensor shall be liable for and shall defend, indemnify and save harmless the Licensee Releasees from and against all losses, costs, charges, damages and expenses suffered by any of the Licensee Releasees to the extent caused by the negligence or wilful misconduct of the Licensor Releasees in connection with:

- (i) any personal injury or death to any Person caused by any of the Licensor Releasees;
- (ii) any property damage to the Equipment caused by any of the Licensor Releasees;
- (iii) any claim from a third Person to the extent that such claim: (1) arises from Licensor's failure to perform its obligations under this License; or (2) is attributable to the Wifi Network and not any Equipment, Wireline Services or Wireless Services supplied by Bell Canada or Bell Mobility, as applicable.

If notified promptly in writing by Licensee of any such claim brought against a Licensee Releasee (a "**Licensee Claim**") Licensor shall, at its own expense, defend all suits, actions and other legal proceedings which may be brought or instituted against the Licensee Releasees in respect of the Licensee Claim, and shall pay any judgment or decree finally awarded by a court of competent jurisdiction which may be given against any or all of the Licensee Releasees in any legal proceeding or any final settlement amounts agreed by the claimant and the Licensee Releasees, and shall reimburse the affected Licensee Releasees for all reasonable legal expenses incurred in connection therewith.

#### **14.3 Limitation of Liability**

- (i) **Indirect Damages** Neither the Licensor Releasees nor the Licensee Releasees shall be liable for any indirect, special, consequential, incidental, exemplary or punitive damages, or for any damages for lost profits, loss of revenue, failure to realize expected savings, loss of data, loss of use, or any other commercial or economic loss of any kind, even if advised of the possibility of same, resulting from or arising from the performance or non-performance of this License or any obligation pursuant to this License, howsoever caused, and each party releases the other party in respect of all of the foregoing; and

- (ii) **Direct Damages** Save and except for claims for which either party is required to indemnify the other party pursuant to Subsections 14.1, or 14.2 of this License, in no event shall the aggregate liability of the Licensor Releasees or the Licensee Releasees for direct damages under this License exceed the Original Cost of the Equipment.

**14.4 Several Liability of Bell Canada and Bell Mobility** The obligations of Bell Canada and Bell Mobility to the Licensor hereunder shall be several and not joint. For greater certainty, the non-defaulting Licensee shall have no liability whatsoever in connection with any indemnification claims arising under Section 14.1 or any claims for direct damages as described in Section 14.3(ii). Any liability arising under either of these provisions shall be incurred by the relevant Licensee only.

**15. Events of Default.**

(a) Each of the following are "**Events of Default**" under this License:

- (i) the Licensee defaults in the payment of any money required to be paid by it to the Licensor under this License and the default continues for a period of thirty (30) Business Days after written notice has been given by the Licensor to the Licensee (each, a "**Monetary Default**"), provided that: (1) delays in payment of undisputed amounts that result from clerical errors or unintentional non-payment will not be considered a Monetary Default if the Licensee provides written notice to the Licensor that said non-payment is the result of such clerical error or unintentional non-payment within the said thirty (30) Business Day period, and (2) such payment is ultimately made within sixty (60) Business Days after the original notice has been given by the Licensor; and
- (ii) if a party: makes an assignment for the benefit of creditors; becomes bankrupt under applicable legislation; is the subject of the appointment of a receiver or manager in respect of any substantial part of its assets and undertaking which is not removed or for which no stay is entered within fifteen (15) Business Days; takes proceedings for winding up, liquidation, or dissolution of its assets, or for the compromise or composition of debt pursuant to the *Companies Creditors Arrangement Act* (Canada), as amended, or similar legislation; or if a writ of execution shall issue against the Complex, or part thereof, that remains unsatisfied for fifteen (15) Business Days (an "**Insolvency Default**"); and

Master Agreement #:  
Agreement #: 1-580707215

(iii) if a party defaults in respect of any material provision of this License contrary to its obligations under this License that is not a Monetary Default or an Insolvency Default (a "**Non-Performance Default**"), including any action or inaction by party that results in Interference, and the Non-Performance Default is not cured within twenty (20) Business Days after written notice from the non-defaulting party.

(b) **Effect of Event of Default** If an Event of Default remains uncured as at the expiry of its applicable cure period described in Subsections 15(a)(i), 15(a)(ii) and 15(a)(iii) above, as the case may be, this License may thereafter be immediately terminated by the non-defaulting party without prejudice to its other remedies at law or in equity (including the right to claim damages). No acceptance of any amounts subsequent to any Event of Default and no condoning, excluding or overlooking by the non-defaulting party on previous occasions of breaches or defaults similar to that for which termination is effected, shall be taken to operate as a waiver of the Event of Default, nor in any way defeat or affect the rights of the non-defaulting party pursuant to this License in law or in equity. Where the defaulting party is a Licensee, the Licensor's termination rights above may be exercised solely in respect of the defaulting Licensee. This License shall continue in full force and effect between the Licensor and the non-defaulting Licensee.

## 16. Transfer

- (a) **Transfers to Licensee Affiliates** Licensee may Transfer this License and/or the ownership of the Equipment, including the IBW and the Fibre Optic Cable and coaxial cable, in whole or in part, to an Affiliate of Licensee without the prior written consent of Licensor, provided that Licensee will, notwithstanding the several liability of Bell Canada and Bell Mobility pursuant to Section 14.4, the Licensee remains jointly and severally responsible with the Transferee for the performance of all the terms, covenants and conditions contained in this License and Licensee will not be released from its obligations hereunder in the event of such Transfer. If Licensee wishes to Transfer this License and/or the ownership of the Equipment, including the IBW and Fibre Optic Cable and coaxial cable, in whole or in part, to an Affiliate of Licensee, and Licensee wishes to be released from its obligations hereunder upon effecting such Transfer (an "**Exit Transfer**"), Licensee will provide prior written notice to Licensor, requesting consent to such Exit Transfer, and provide Licensor with reasonably detailed information as may be requested by Licensor regarding the proposed Transferee. If Licensor determines, acting reasonably, that the proposed Transferee is capable of satisfying Licensee's obligations under this License, and the Transferee enters into an agreement directly with Licensor agreeing to be bound by Licensee's obligations under this License, then Licensor will agree to enter into a written agreement with Licensee, releasing Licensee from its obligations hereunder. Notwithstanding the foregoing, Licensee may, without the prior written consent of Licensor, assign any receivable that arises under this License, any right to receive payment related to that receivable and any interest in that receivable or right to receive payment.
- (b) **Transfers to Licensor Affiliates** Licensor may Transfer this License, in whole or in part, to an Affiliate of Licensor without the prior written consent of Licensee, subject to (i) Licensee determining, acting reasonably, that the Transferee is capable of satisfying Licensor's obligations under this License, and (ii) the Transferee entering into an agreement directly with Licensee agreeing to be bound by Licensor's obligations under this License.
- (c) **Subcontracting** Licensee may subcontract its obligations under this License to a third Person, provided that Licensee continues to remain bound to Licensor for the performance of all the terms, covenants and conditions contained in this License.

- (d) **Other Transfers by Licensee** Except as permitted pursuant to Section 16(a), Licensee shall not Transfer this License or the ownership of any part of the Equipment, including the IBW and the Fibre Optic Cable and coaxial cable, without the prior written consent of Licensor, which consent may be withheld in Licensor's sole and absolute discretion. If Licensee wishes to Transfer this License or any part of its rights pursuant to this License, or the ownership of the Equipment, including the IBW and the Fibre Optic Cable and coaxial cable, and requests the consent of Licensor, Licensee shall make a written request for such Transfer to Licensor and shall provide Licensor with any information it may reasonably require, including a true copy of the agreement to Transfer, and such financial and other information on the proposed Transferee as Licensor may reasonably require. Without limiting the generality of the foregoing, if Licensor chooses to grant consent to a Transfer, Licensor shall require, as a condition of granting any consent to such Transfer, that the Transferee enter into an agreement directly with Licensor agreeing to perform all of Licensee's obligations pursuant to this License in the place and stead of Licensee.
- (e) **Transfers by Licensor** Except as permitted pursuant to Section 16(b) or Section 16(f), Licensor shall not Transfer this License or subcontract any of its obligations hereunder without the prior written consent of Licensee, which consent shall not be unreasonably withheld. If Licensee chooses to grant consent to a Transfer, Licensee shall require, as a condition of granting any consent to such Transfer, that the Transferee enter into an agreement directly with Licensee agreeing to perform all of Licensor's obligations pursuant to this License in the place and stead of Licensor.
- (f) **Sale by Licensor** Licensor will have the right to Transfer this License without the prior consent of Licensee if Licensor transfers its interest in all or a portion of the Complex to a Person that is not an Affiliate of Licensor, provided that, as part of the closing, Licensor shall (i) assign this License to the new owner and (ii) require such new owner to enter into an agreement directly with Licensee agreeing to perform all of Licensor's obligations pursuant to this License, in the place and stead of Licensor.
- (g) **No Waiver** Licensee acknowledges that the acceptance by Licensor of any amounts from any Person other than Licensee shall not be construed as a waiver of any of Licensor's rights to insist on strict compliance with the provisions of this License unless such amounts were paid by such Person pursuant to direction by Licensee in fulfillment of its obligations hereunder as a result of a permitted Transfer by Licensee.

## 17. Financing of Equipment

So long as: the Licensee in occupation of the Caged Area(s), and the MTR Space is Bell Canada or Bell Mobility and Bell Canada or Bell Mobility remains subject to substantially the same beneficial share ownership and neither Bell Canada nor Bell Mobility is in material, continuous or recurring default of any provision hereof, the Licensee may, without the consent of but on written notice to the Licensor, grant security by way of a mortgage, charge, general security agreement or otherwise in respect of the Equipment (but not in respect of IBW, Fibre Optic Cable and coaxial cable or conduits associated with it or, not in respect of any part of the Complex including, any permanent fixtures, or any improvements to the Complex) to a bank or other financial institution in connection with a bona fide borrowing by the Licensee, provided that the foregoing shall in no way prejudice or affect the Licensor's rights or the obligations of Licensee under the terms of this License. The Licensee will not cause or permit any charge, security interest, mortgage, or encumbrance, or any notice of them to be registered against title to the Buildings.

## 18. Termination Rights

18.1 A party may terminate this License on 30 days' prior written notice to the other in the following circumstances:

- (a) if all or part of any of the Buildings are substantially damaged and the Licensor determines that it will take longer than 180 days to restore it, provided that, with respect to the Wireline Services only, and subject to Section 22 of this License, if only part of the Buildings are substantially damaged, then Licensor can only terminate this License if, in the Licensee's reasonable opinion, it is not feasible to relocate any part of the Equipment which may be required to be relocated to the non-damaged areas; or
- (b) if the MTR and/or Equipment Room is substantially damaged and in the Licensor's opinion it will take longer than 90 days to restore it, provided that, with respect to the Wireline Services only, and subject to Section 22 of this License, Licensor can only terminate this License if, in the Licensee's reasonable opinion, it is not feasible to relocate any part of the Equipment which may be required to be relocated to the non-damaged areas; or
- (c) if a portion of a Building is expropriated; but in this case the Licensee can only terminate if, in the Licensee's reasonable opinion, it is not feasible to relocate any part of the Equipment which may be required to be relocated to the non-expropriated areas; or

Bell

Master Agreement #:  
Agreement #: 1-580707215

- (d) if the Licensor elects to redevelop a substantial portion of a Building or elects to convert a portion of the Buildings to other uses and, as the result of the development or conversion of use, it is, in the Licensee's reasonable opinion, not feasible to relocate any part of the Equipment which may require to be relocated in connection with the redevelopment or conversion of use; or
- (e) at the Licensee's sole option, if the Licensee has not provided any Services to any tenants licensees or occupants of the Building (in that it has no customers) for a period of at least 120 days.

Termination of the License by Bell Canada shall not terminate the License in respect of the Licensor and Bell Mobility. Termination of this License by Bell Mobility shall not terminate the License in respect of the Licensor and Bell Canada.

In the event the Licensor terminates this License pursuant to subparagraphs (a) to and including (d) above, the Licensor shall pay the Licensee its pro-rated share of any License Fee paid in advance prior to such damage, expropriation or development as the case may be. Terminations pursuant to subparagraphs (a) to (d) inclusive shall, for the purposes of this License, be considered as terminations by reason of an event of Force Majeure.

18.2 Upon the expiration or termination of this License in its entirety, the parties agree that the Licensee shall, notwithstanding anything herein to the contrary, continue to own all Equipment.

**20. Status Statement and Subordination**

On the written request of the Licensors, the Licensee shall sign a certificate prepared by the Licensors confirming that this License is in full force and effect, with no default hereunder or, if there is a default, particularizing such default and otherwise confirming such terms of this License as the Licensors shall request. The Licensee agrees to execute and return such certificate within 10 days of the Licensors's request. The Licensee confirms that this License shall be subordinate to any existing or future mortgage or other encumbrance on the Buildings. At the request of the Licensors, the Licensee shall execute such documentation as the Licensors or its lender may reasonably request, confirming such subordination.

**21. No Registration**

The Licensee shall not cause this License, or any notice of it, to be registered against title to the Buildings.

**22. CRTC Decision**

The Licensors and the Licensee acknowledge that the access rights of telecommunication service providers in multi-tenant buildings may be the subject of regulatory proceedings initiated by the CRTC. In the event the CRTC issues a ruling or decision in respect of such access rights while this License is in effect, and such ruling or decision affects the rights and/or obligations of either party hereto, such party shall be entitled to require that this License or portions thereof, as required, be amended in such a reasonable manner so as to give effect to such ruling or decision.

**23. Entire License**

The parties agree that this License and the Schedules attached to it is the entire agreement between the parties with respect to the subject matter hereof. There are no representations or agreements, either oral or written, with respect to the License other than this License. This License may only be amended by further written agreement of the parties. In the event of a conflict between this License and any Schedule, the provisions of this License shall govern.

\*%34%69%1-580707215%1%\*

27517

**24. Severability of Provisions**

Should any provision of this License be illegal or unenforceable, that provision shall be considered separate and severable from the remaining provisions of this License and the remaining provisions shall remain in force and be binding upon the parties (unless the illegal or unenforceable provisions are such that they have fundamentally frustrated the intention of the parties, or either one of them, in which case the frustrated party may terminate this License on 30 days' prior written notice).

**25. Force Majeure**

Neither party shall be under any liability to the other as a result of any bona fide delay or default in carrying out its obligations pursuant to this License which is due in whole or in part to an event of Force Majeure. A party who contends that its obligation is suspended or its performance is excused by reason of an event of Force Majeure must give prompt written notice to the other party specifying the condition or event constituting same in which case both parties' obligations pursuant to this License shall be suspended during such period. Upon cessation of such event of Force Majeure, such party shall give like notice and commence performance pursuant to this License as promptly as reasonably practicable. If an event of Force Majeure continues for a period of ninety (90) days or more, then either party may terminate this License upon thirty (30) days written notice to the other.

**26. Arbitration Proceedings**

If any controversy or dispute between Licensee and Licensor arises with respect to any matter under this License, then, the parties shall first attempt in good faith to resolve such controversies or disputes within fifteen (15) days after written notice by one party to the other party of the existence of such a controversy or dispute. Any controversies or disputes that are not resolved within such fifteen (15) day period may, as an alternative to the parties' rights or remedies at law, be submitted by the parties to confidential arbitration before a panel of three (3) arbitrators and if so submitted, shall, unless otherwise provided herein, be finally settled by arbitration conducted in accordance with the *Arbitration Act, 1991* (Ontario). Each of the parties shall select a qualified arbitrator, and the two (2) selected arbitrators shall forthwith select a third arbitrator who shall have significant and relevant experience in arbitrating telecommunication disputes. The three (3) arbitrators shall proceed to make awards, and the award of the majority of them shall be binding on the parties. If the two (2) arbitrators appointed by or for the parties fail to agree upon a third arbitrator within ten (10) days after the appointment of the last of the first two (2) arbitrators, then either Licensor or Licensee may apply to a Judge of the Superior Court of Justice for Ontario to appoint such third arbitrator, and the said Judge upon proof of failure to appoint and of the giving of such notice shall appoint an arbitrator to act as the third arbitrator. The expenses of the arbitration shall be shared equally by the parties. Any arbitration shall take place in Toronto, Ontario. The decision by the majority of the arbitration panel shall be binding and conclusive upon the parties, their permitted successors and assigns, and they shall comply with such decision in good faith. Each party hereby submits itself to the jurisdiction of the courts of the place where the arbitration is held for the entry of judgment with respect to the decision of the arbitrator pursuant to this License. Judgment upon the award may be entered in the Superior Court of Justice for Ontario.

**27. Enurement**

This License shall enure to the benefit of and be binding upon the successors and permitted assigns of the parties hereto.

**28. Interpretation**

### RULES AND REGULATIONS

The Licensee covenants and agrees that the Rules and Regulations of the Buildings (which are subject to change from time to time, and may differ between Buildings) shall in all respects be observed and performed by the Licensee, its contractors, agents and employees, and, others over whom Licensee is responsible for at law, provided that any changes are communicated in writing to the Licensee and the Licensee has thirty (30) days to comply. The Licensor shall have available to it all remedies provided in this License and all other legal remedies available at law or in equity upon a breach of the Rules and Regulations by Licensee. The Rules and Regulations shall include, without limitation, the following:

1. All of the Complex's "Design Criteria And Construction Manual(s)" for each Building in the Complex, the current version of which is dated April 30, 2010, as such manual may be amended from time to time.
2. All of the Complex's Tenant Manual dated September 2, 2009, the table of contents of which are reproduced below, as such manual may be amended from time to time.

## SCHEDULE "F"

### LICENSOR AND LICENSEE'S WORK

Without limiting the generality of, and in addition to, the parties' respective covenants and obligations under the License to which this schedule is attached, the parties agree as follows in respect of all work required to install and deploy the Equipment.

#### 1. Licensor's Work

- (a) Licensor shall install, at Licensor's expense, an appropriate electric power service (up to 100 amps in capacity) to a termination point within the Equipment Room, MTR, and Caged Areas at or near the Equipment.
- (b) Licensor to commission engineering studies at the Licensor's expense, if necessary in Licensor's sole reasonable opinion, to establish the compatibility of planned changes or modifications to the Wireline Network with the equipment and telecommunications networks used by other tenants, licensees and other occupants of the Complex.

#### 2. Licensee's Work

Licensee shall:

- (a) provide, at its expense, a connection between the Equipment and the power supply termination point described in Section 1(a) above;
- (b) provide and install all Equipment within the Complex at its expense;
- (c) provide and install its own cages within the MTR, and provide and install its own racks within the Equipment Room, the MTR and the Caged Areas at Licensee's expense;
- (d) provide all Cable relating to the Services at its expense;
- (e) provide any fixtures and fixturing at its expense that may be required by Licensee; and
- (f) Licensee shall arrange for and pay any telephone and telecommunications equipment requirements and connections thereto at its expense.

### 3. Permits

- (a) Prior to performing Licensee's Work, the Licensee shall obtain all necessary consents, permits, licenses, certificates and inspections from all municipal, governmental, and regulatory authorities having jurisdiction, and shall make available to Licensor copies of same, and shall post permits as required. If Licensee fails to obtain any required consent, permit, license, certificate or inspection, Licensor at its option may obtain it on Licensee's behalf at Licensee's expense.
- (b) Upon commencing operation of the Equipment, the Licensee shall secure and make available to Licensor any certificates of compliance, occupancy permits or other similar certificates or permits, required of any municipal, governmental or regulatory authority having jurisdiction.

### 4. Completion of Licensee's Work

All Licensee's Work shall comply with all applicable laws, by-laws, building codes, permits and approvals for such work as well as with the insurance requirements in Section 13 of the License. If any of Licensee's Work is not in compliance with any of the foregoing and Licensee fails to remedy such non-compliance forthwith, Licensor may, at its sole option, remedy same at Licensee's expense, payable on demand.

### 5. Payment By Licensee

- (a) Except as otherwise provided in this Schedule "F" or in the License of which it forms a part, any other equipment or work, other than that stipulated herein as Licensor's responsibility, which is supplied or performed by Licensor as contractor for or at the request of Licensee, or any excess or additional cost in Licensor's work occasioned by Licensee's requirements or revisions to such requirements or by any default of Licensee pursuant to this License, shall be paid for by Licensee to Licensor within sixty (60) days after receipt of an invoice for same.
- (b) The cost charged to Licensee for the equipment or work referred to in the preceding sub-clause (a) shall include (in addition to direct labour, materials and applicable taxes) architectural and contractor(s) fees of ten percent (10%), any costs to Licensor which are attributable to changes requested by Licensee after approval of Licensee's Plans by Licensor, and an additional overhead charge for Licensor's administration and supervision equal to five percent (5%) of the aggregate costs of such equipment and work.

All amounts payable by Licensee to Licensor pursuant to this Schedule "F" shall be payable as Additional Fees and Licensor shall have the same rights of recovery in respect of same as though they were Additional Fees in arrears under the License.

## SCHEDULE "G"

### INTERFERENCE

The Licensor and Licensee agree as follows:

- (a) The Licensee shall take all steps necessary to ensure that all Equipment does not unreasonably cause Interference, Interfere with or unreasonably disturb the operation of any equipment of the Licensor or the equipment of other licensees or the use and occupation of the Complex by tenants, licensees or other occupants of it, including the operation of wireless fidelity networks by third parties. Should any such Interference develop, the Licensee shall forthwith rectify and diligently pursue the rectification of such Interference immediately upon being requested by the Licensor to do so. The cause of the Interference will be determined and, if the Licensee is responsible for the Interference, the Licensee, at its cost, shall take immediate steps (including the installation of filters, if necessary) to reduce the Interference to a level considered acceptable by Industry Canada, or such other federal agency as at the time has jurisdiction or as determined by the Licensor, acting reasonably. Even if the Equipment is not the primary cause of the Interference, if considerations of cost or engineering simplicity indicate that a modification to the Equipment is the most expedient solution to an Interference problem, the Licensee agrees to do such modifications, so long as (i) any such modification does not degrade the performance of the Equipment or alter the Services, and (ii) the cost of making such modification or alteration is borne by the party whose equipment is, in fact, the primary cause of the Interference. If the Interference is reasonably determined to be caused primarily by the Equipment and cannot be rectified by the Licensee within fourteen (14) days of written notice being provided to the Licensee, then the Licensor may terminate this License in connection with the Interfering Equipment and the Licensee will remove and/or replace that part of the Equipment causing such Interference from the Complex.

Master Agreement #:  
Agreement #: 1-580707215

- (b) Licensor shall use reasonable commercial efforts to ensure that the Licensor's Complex systems and any of the tenants, licensees or occupants in the Complex that the Licensor controls or for whom the Licensor is responsible at law shall not Interfere with the Equipment or Licensee's provision of the Services. If such Interference shall occur, the Licensee shall give the Licensor written notice thereof and the Licensor shall use commercially reasonable efforts to correct same forthwith at its sole cost after receipt of such notice within the time frame as dictated by the nature of the Interference. In the event the Licensor fails to correct such Interference after using reasonable commercial efforts after written notice, the Licensee may take reasonable steps to correct such Interference, in which case, the Licensor agrees to pay the Licensee all additional direct costs associated with such correction.

## SCHEDULE "H" ROLE OF THE CONSULTANT

### 1.0 APPOINTMENT OF CONSULTANT

1.1 **Appointment** The Licenser may at its sole cost and expense, appoint a third party consultant (the "Consultant") having actual professional experience in dealing with regulated telecommunications entities to represent the Licenser's interest and provide, at the Licenser's sole cost and expense, administration of this License during the currency of any work undertaken by Licenser or Licensee at the Complex as required under the License (the "Work") and to, in the first instance, approve the documents listed in Section 2.2 below, judge the performance of Work hereunder by both parties and interpret this License in relation to the performance of any Work. In advance of the selection of the Consultant, the Licenser agrees to consult with the Licensee on the quality and selection of the proposed candidate who would be a Consultant under this Schedule "H", and to take the Licensee's opinion under advisement in the selection of the Consultant. The Consultant will have authority to act on behalf of the Licenser only to the extent provided in this Schedule "H".

### 2.0 DUTIES AND AUTHORITY OF CONSULTANT

2.1 **Consultant as Interpreter of License** The Consultant shall be required by the Licenser to use his best efforts in good faith to interpret this License in a fair, impartial and equitable manner acting free from any real or apparent conflicts of interest, that is consistent with the parties' intent and without prejudice to either party's interests. Claims, disputes and other matters in question relating to the performance of any Work, approval of documents or plans, or the interpretation of this License shall be referred initially to the Consultant in writing for a decision which he will be required to give in writing within a reasonable time of the referral. The parties shall work together in good faith to implement the Consultant's recommendations and interpretation of this License.

2.2 **Consultant's Authority** The Network Design Document, all Engineered Plans and all Working Drawings shall be submitted to the Consultant for review and approval. The Consultant shall decide questions arising under the License regarding the performance of the Work, the Network Design Document, the Engineered Plans, and/or the Working Drawings. The Consultant will have authority to reject any plans or Work which, in his opinion, acting reasonably, do not conform to the requirements of this License. Whenever he considers it necessary or advisable he will have authority to require special inspection or testing of any Work whether or not such Work is then installed or completed. However, neither the Consultant's authority to act nor any decision made by him either to exercise or not to exercise such authority shall give rise to any duty or responsibility of the Consultant to the Licensee, its Subcontractors, or their agents, employees or other persons performing any of the Work.

Master Agreement #:  
Agreement #: 1-580707215

**2.3 Licensee Disagreement** Should the Licensee believe that: (i) the Consultant's decisions are at variance with the requirements of the License; (ii) the Consultant's decisions involve changes in Work already ordered or completed; or (iii) the Consultant's decisions have been made in error, Licensee shall nevertheless act according to such decision of the Consultant, but shall notify the Consultant and Licenser in writing before proceeding to carry such decisions out. Any question of liability for excess of cost or damages incurred by the Licensee due to the aforesaid cause shall be decided in the manner provided in Section 3 below.

**2.4 Limits of Consultant's Responsibility** The Consultant will not be responsible for and will not have control or charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and programs required for the Work in accordance with the applicable construction safety legislation, other regulations or general construction practice. The Consultant will not be responsible for or have control or charge over the acts or omissions of the Licensee, its subcontractors or their agents, employees or other persons performing any of the Work. Nothing contained in this License shall create any contractual relationship between the Consultant and the Licensee, its Subcontractors, his suppliers, or their agents, employees or other persons performing any of the Work.

**2.5 Modification/Extension of Consultant's Responsibility** The duties, responsibilities and limitations of authority of the Consultant as set forth in this License will not be modified or extended without the written consent of the Licenser, the Licensee and the Consultant.

**2.6 Termination of Consultant** In the case of termination of the Consultant, the Licenser shall appoint another person or firm whose status under this License shall be that of the former Consultant and provide written notice of such termination and reappointment to the Licensee forthwith.

### **3.0 DISPUTE RESOLUTION**

**3.1 Process** Differences between the Licenser and Licensee as to the interpretation, application or administration of this License, the approval of any documentation, or any failure to agree where agreement between the parties is called for, (herein collectively called "disputes"), which are not resolved in the first instance by decision of the Consultant pursuant to the provisions of Section 2 to this Schedule "H", shall be first addressed in accordance with the requirements of this Section 3, prior to any reference to arbitration as provided in Section 26 of this License and prior to the commencement of any legal action in respect of same.

\*%66%69%1-580707215%1%\*

27517

**3.2 Notice and Reply** The claimant shall give written notice of such dispute to the other party no later than fourteen (14) days after the receipt of the Consultant's decision. Such notice shall set forth particulars of the matters in dispute, the probable extent and value of the damage and the relevant provisions of this License. The other party shall reply in writing to such notice no later than fourteen (14) days after it receives or is deemed to have received such notice, setting out in such reply its grounds and other relevant provisions of this License. In the event of an emergency situation in which a dispute is required to be resolved on an expedited basis, the parties will work together to provide all particulars and reply at the earliest possible times, and shall work together to ensure that no deadlines are missed under this License, the Marketing Agreement or under any other agreements that either the Licensor or Licensee may be party to that are contingent upon the completion of any work under this License, provided that if one Party is of the opinion, acting reasonably, that the matter requires injunctive relief, Section 2 and Section 3 of this Schedule "H" shall not apply.

**3.3 Consultant's Instructions** If the matter in dispute is not resolved promptly following the exchange of the notice and reply, the Consultant will give such further instructions as in his opinion are necessary for the proper performance of the Work to prevent delays pending settlement of the dispute. The parties shall act promptly according to such instructions, it being understood and agreed that by so doing neither party will jeopardize any claim it may have. Despite anything else contained herein or in the License to the contrary, if it is subsequently determined through binding arbitration without further right of appeal or by decision of a court of competent jurisdiction after all appeal periods have expired that the Consultant's initial decision or subsequent instructions were in error or at variance with this License, then the Licensor shall pay the actual costs and damages incurred by the Licensee in carrying out such decision and instructions as determined by a binding arbitration, without right of appeal, or by order of a court of competent jurisdiction after all appeal periods have expired.

**3.4 No waiver** It is agreed that no act by either party in compliance with this Schedule "H" shall be construed as a renunciation or waiver of any of its rights or recourses, provided it has given the required notice or reply, as the case may be, in accordance with Section 3.2 of this Schedule "H" and has carried out the Consultant's instructions as provided in Section 3.3 of this Schedule "H".

**3.5 Commencement of Proceedings** In recognition of the obligation by the Licensee to perform the disputed Work as provided in Section 3.3 of this Schedule "H", it is agreed that arbitration or legal proceedings (save and except for proceedings for injunctive relief in respect of such disputed Work, which each party hereby waives) may be commenced immediately following the receipt of the Consultant's instructions as described in Section 3.3 of this Schedule "H".
