

TELECOMMUNICATION AND BUILDING ACCESS LICENSE
NEW CONSTRUCTION - SINGLE RENTAL BUILDING - ACCESS ONLY

This License is made as of the date last signed by both parties below (the "**Effective Date**").

In consideration of the mutual rights and obligations herein expressed, the sum of \$2.00 paid by each party to the other and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged) Bell Canada and London Affordable Housing Foundation (the "**Owner**") agree as follows:

1. Owner hereby grants to Bell Canada, Affiliates of BCE Inc. ("**Affiliates**" as defined in the *Canada Business Corporations Act*, as amended) including without limitation, those for whom Bell Canada is responsible in law (hereinafter, collectively referred to as "**Bell**") at no cost or charge to Bell, a non-exclusive right and license to:
 - i. enter on and gain access in, over or under the multi-unit dwelling building more specifically described in Schedule "A" (the "**Building**") and the common elements and other common areas of the Building, including without limitation, access to and use of, one or more rooms or other segregated spaces in, on, over or under the Building (the "**Equipment Space(s)**") for the purposes of making available and providing telecommunications and other communication services subject to CRTC rulings from time to time, (collectively the "**Bell Services**") to prospective purchasers and the owners, tenants, invitees or residents of the Building (collectively, the "**Occupant(s)**");
 - ii. use, construct, install, test, operate, maintain, repair, service, upgrade, modify, remove and replace Equipment in, on, over or under the Building. "**Equipment**" (as also described in Schedule B) includes but is not limited to any hardware, wire, cabling, infrastructure or otherwise (excluding conduit), which is necessary and incidental to enable and deliver and demonstrate Bell Services to Occupants. Nothing herein limits Bell's ability to change, alter or replace the Equipment with new and/or different equipment necessary to provision the Bell Services; and

Nothing herein shall be construed or interpreted as granting Bell any exclusive access rights or access privileges in or to the Building to the exclusion of any other third parties.

2. Owner acknowledges that Bell shall also have access to a path and/or conduit along, over, under or on the property, from the property line to the Building (the "**Conduit**"), and in or through the Equipment Space(s). If Bell determines that a fibre optic cable or Equipment must be installed to the Conduit, the Building and/or the Equipment Space(s), Bell may install, maintain, and upgrade any Equipment within the Conduit. The parties shall agree in advance (both acting reasonably) upon a plan of installation, upgrade or maintenance of the Equipment within the Conduit.
3. Except in the case of emergencies, all rights of access granted and uses permitted herein shall be available to Bell during normal service hours, three-hundred and sixty-five (365) days per year subject to Bell providing reasonable notice to the Owner or its agent of its intention to enter the Building for the purposes of this License.
4. The parties shall meet the installation requirements for the equipment to be installed by Bell (the "**Bell Equipment**") as such requirements are more specifically set forth in Schedule "B" hereto. Bell shall, at its own cost: (i) ensure that all the Bell Equipment is installed in accordance with all laws, including without limitation, relevant fire and building code requirements in force at the time of installation, and (ii) be responsible for the provision, installation, maintenance and repair of the Bell Equipment during the Term, although each individual Occupant may incur charges (at Bell's then applicable rates) specific to such Occupant's in-suite requirements. Bell covenants to repair, at its sole expense, any direct damages to the Building or the Equipment Space where such damages are caused by or arising out of any negligent act, wilful misconduct or omission relating to Bell's use and occupation of the Equipment Space or the Building (the "**Covenant**"). The Bell Equipment will remain the property of Bell at all times, and will not become a fixture despite any legal principle to the contrary. Owner agrees that it has no legal or equitable ownership interest in the Bell Equipment nor any of Bell owned items reasonably contemplated herein and shall not make any claim to the contrary.

5. Nothing in this License limits the Owner's right to repair any common elements of the Building; provided that where any such repair may affect the Bell Equipment, the Owner shall: (i) provide Bell with reasonable advance written notice to request Bell to adjust and/or move its Equipment before the repairs are made; and (ii) reimburse Bell for all reasonable costs Bell incurs as a result of any material relocation or adjustment.
6. Each party represents and warrants that: (1) it has full right, power and authority to enter into and perform its covenants and obligations in this License; (2) it is under no obligation, statutory, contractual or otherwise, which could prevent or interfere with the complete performance of its covenants and obligations herein; (3) it is validly organized and existing under the name indicated on this License; and (4) no building rule is in force that would prevent or limit either party from: (i) entering into this License; and/or (ii) performing its obligations hereunder.
7. Bell Canada will be liable for and will indemnify and save harmless the Owner, its directors, officers, employees, and contractors, and those for whom it is responsible in law (collectively, the "**Owner Indemnitees**"), from and against any and all losses, suits, actions, causes of action, proceedings, damages, costs, claims and expenses (collectively, the "**Losses**") arising from physical damage to any tangible property or bodily injury, including death, to any person caused by or arising out of any negligent act, wilful misconduct or omission relating to Bell's use and occupation of the Equipment Space or the Building (including, without limitation, the Covenant set forth in Section 4 herein), provided that Bell Canada will not be required to indemnify the Owner Indemnitees to the extent any such Losses are caused by any negligent act, wilful misconduct or omission of any of the Owner Indemnitees. Notwithstanding the foregoing, in no event will Bell Canada be liable for or indemnify and save harmless any of the Owner Indemnitees from and against any indirect, special, incidental or consequential damages, including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages. The Owner shall indemnify and save Bell harmless from any loss of or damage to the Equipment caused by the Owner, its employees, agents or contractors or for those whom the Owner is responsible for in law. This Section shall survive the expiration or termination of this License.
8. The term of this License is effective as of the Effective Date and shall continue to run for a period of ten (10) years from the Effective Date (the "**Term**"). The Term will be automatically extended for additional one year terms for so long as Bell Services are available to the Building (the "**Renewal Term**") on the terms and conditions herein.
9. Either Party may terminate this License: (i) upon a party providing to the other party hereto with written notice of its intention not to renew this License at least one hundred and eighty (180) days prior to the expiration of the Term or Renewal Term, provided there are no active subscribers to Bell Services in the Building; (ii) for a material breach hereof, where such breach is not cured within ninety (90) days of receipt of written notice by the other party of such breach; or (ii) immediately, in the event the other party becomes bankrupt or insolvent, becomes unable to pay its liabilities when they become due, has insolvency proceedings commenced by or against it, makes an assignment for the benefit of its creditors, takes the benefit of any statute relating to bankrupt or insolvent debtors; or where an order is made or a resolution is passed for the winding up of the other party; or a receiver, receiver and manager, interim receiver, trustee in bankruptcy or liquidator is appointed to take possession of the assets of other party; or a creditor takes steps to issue an Application for a Bankruptcy Order against the other party; bankruptcy, reorganization, assignment, petition or appointment of a trustee or such other act of insolvency of the other party. If the action of a governmental agency requires modification of Bell's Services or the terms in which they are provided which is inconsistent with the terms of this License or impairs Bell's ability to provide Bell's Services in an economical and technically practical fashion, Bell may terminate this License upon thirty (30) days' written notice to Owner. Upon expiry or termination of this License and provided there are no further active subscribers to Bell Services in the Building (in which case Bell will retain title to the Bell Equipment), Bell shall be allowed thirty (30) days to remove the Bell Equipment, after which the Bell Equipment shall be deemed abandoned and ownership and title shall automatically transfer to the Owner.

10. Any notice required or permitted to be given hereunder or any tender of delivery of documents may be sufficiently given by regular mail, personal delivery or by facsimile transmission to each party at the addresses listed below:

Authorized by Bell Canada :

11. Where a provision of this License conflicts with a Schedule attached hereto, the provision of this License shall prevail. This License and Schedules will be governed by the laws of the Province of Ontario and the applicable laws of Canada therein, excluding any conflict of laws, rule or principle which might refer to the laws of another jurisdiction. This License shall also be subject to all applicable federal, provincial and local laws, and regulations, ruling and orders of governmental agencies, including, but not limited to, the *Telecommunications Act*, as amended, the *Broadcasting Act*, as amended or the rules and regulations of the Canadian Radio-Television and Telecommunications Commission (the "CRTC").
12. This License constitutes the entire agreement of the parties and supersede all prior agreements and understandings on the subject matter hereof. Except as provided in Section 6, neither party makes any representation or warranty express or implied, statutory or otherwise to the other. If any provision of this License is found to be invalid, illegal or unenforceable, the other provisions of this License shall not be affected or impaired, and the offending provision shall automatically be modified to the least extent necessary in order to be valid, legal and enforceable.
13. Owner shall immediately notify Bell, in writing, in the event of any proposed or actual sale, conveyance, assignment or transfer (collectively, the "Transfer") of all or part of the Building. Upon any Transfer of the Building (other than a conveyance without consideration of a portion of the Building to a governmental authority required as part of or in the course of the development thereof), the Owner shall cause the transferee to execute and deliver to Bell an agreement whereby the transferee agrees to assume and be bound by all the rights and obligations of the Owner as set out herein (the "Assumption"). Failure to comply with this provision shall be deemed to constitute a material breach hereof. Upon the date any such Assumption becomes effective, the Owner shall be immediately released from its obligations under this License in respect of the Building (save and except for any outstanding obligations arising hereunder prior to such Assumption).
14. The Owner and Bell hereby agree that this Agreement and related Schedules and any information provided by one party to the other party herein, including, without limitation, information relating to third parties obtained, shall remain the confidential information of the parties and neither party shall disclose such confidential information without the prior written consent of the other party, or unless disclosure of such confidential information is compelled by judicial or regulatory process or otherwise by law or if the confidential information has been made public without any action by the disclosing party. For greater certainty, this provision shall not be construed to prevent either party from disclosing any of the terms of this Agreement to its auditors, financial and legal advisors, or as may otherwise be required by law. This section shall survive the expiry or early termination of this Agreement.

In witness thereof the parties through their duly authorized representatives have executed this License as of the Effective Date.

Schedule "B"
Equipment Space and Installation Specifications

1. Upon request from Bell, the Owner shall provide a current set of electrical and/or construction plans.

Bell and the Owner will complete an initial inspection of the Building and the Equipment Space(s). Any change notices or addendums to the electrical or construction plans will be provided to Bell in a timely manner.

The following technology will be installed in the Building. Based on this information the Owner shall install (and supply where applicable) according to the following installation requirements:

STANDARD INSTALLATION

2. The Owner shall supply Bell with vertical, horizontal and in-suite pathways that are clear and free of obstruction, and with pull strings installed in all conduits.
3. The Owner shall supply and install all required fire stopping in any vertical or horizontal pathways after the placement of the in-Building telecommunications wiring.
4. The Owner shall supply and install complete support infrastructure based on the following minimum installation requirements:

Standard Installation:

- a) Conduit sizes installed as per design on electrical plan drawings (In the case of no conduit installation, access channel through studs including grommets in metal stud and/or drilled holes in wood studs)
- b) Single gang box or plate at each telephone jack location for the mounting of jack and faceplate
- c) ¾" Fire rated plywood backboards in (i) the main telephone room; and (ii) each telephone riser closet
- d) Placement of standard lighting (sufficient for Bell to perform the installation)
- e) A main telephone room that has secure access (under lock and key) and is water tight
- f) Access to a Building ground source from the main telephone room (conduit with #6 grounding wire)
- g) Two (2) 120 VAC 15A electrical outlets in the main telephone room dedicated for Bell's exclusive use.
