- (a) The Licensee agrees to pay the License Fee to the Licensor annually in advance without any set-off, deduction or abatement whatsoever.

The Licensor will notify the Licensee in writing concerning any change in the Electrical Consumption Cost and the notice will set out the basis of the Licensor's determination of the change. The change will be effective thirty (30) days after the written notice and, if the change is effective other than January 1st of the year, a pro-rated adjustment in respect of the period from the date of the change to the next following January 1st will be made by (a) multiplying the changed Electrical Consumption Cost times a fraction (the "fraction"), the numerator of which is the number of days between the effective date of the change and the next following January 1st and the denominator of which is 365 or (b) subtracting from that product an amount equal to the product of the Electrical Consumption Cost previously paid for the year, multiplied by the fraction. Despite what is provided above in this Section 5 and the Information Page, where feasible, the Licensee may install a meter at its cost and in that case it will pay for its electricity consumption directly to the utility supplier based on bills supplied to it by the utility supplier and the Licensee will provide evidence to the Licensor in the form of receipted bills within ten (10) days after each payment that the Licensee makes to the utility supplier. The Licensor shall use reasonable commercial efforts to notify the Licensee in advance of any planned utility outages that may interfere with the Licensee's Equipment use but shall not be responsible for any losses, costs or expenses suffered as a result of any such outages providing reasonable commercial efforts to provide advance written notice of such planned utility outages were taken. The Licensor has no obligation to provide emergency or "backup" power to the Licensee. Any provision of emergency or "backup" power shall be the sole responsibility of the Licensee.~~

Any person who accesses the Building Communication Spaces, or any other part of the Building which the Licensor designates outside of normal business hours, may be required by the Licensor to be accompanied by a representative of the Licensor designated for that purpose and the cost of providing this form of accompaniment or supervision will be paid by the Licensee to the Licensor based on hourly wage and employment cost (overtime or callout rates may apply) plus an administration fee of fifteen percent (15%). This escort fee shall not apply if the work is attributable to the request of a tenant or occupant of the Building for the Licensee's services or if it is recovered from tenants through the operating costs of the Building charged to them under their leases. In the event of any emergency, the Licensee shall give to the Licensor as much advance notice as reasonably possible of its intent to enter the Communications Spaces and, within five (5) Business Days following the entry, shall provide to the Licensor a written report detailing the nature of such emergency, the corrective actions taken, and any other relevant information.

- (c) Nothing in this Agreement shall prohibit or otherwise restrict the Licensor and its representatives from having access to and to enter upon and into the Equipment Room or any Area for the purpose of inspections, conducting maintenance, repairs and alterations which the Licensor wishes to make in connection with the Building, or to perform any acts related to the safety, protection, preservation, or improvement of the Equipment Room, Area, or the Building or for such other purposes as the Licensor considers necessary, as long as such inspections, maintenance, repairs and/or alterations are necessary or they do not interfere with the use and enjoyment of the Equipment Room and Area by the Licensee. The Licensor will make all reasonable efforts to minimize interference. The Licensor will, however, except in case of an emergency, give the Licensee at least twenty-four (24) hours advance notice before entry into the Area and will be accompanied by a representative of the Licensee if the Licensee makes a representative available for that purpose within twenty-four (24) hours of the Licensee's receipt of the Licensor's notice.

#### 10. INSURANCE

- (a) The Licensee shall maintain in force, at its expense, during the Term of this Agreement, a policy of Commercial General Liability Insurance issued by an insurer having an AM Best rating of A- or better, insuring the Licensee and, as additional insureds, the Licensor, any property manager or any lender that holds security on the Building that the Licensor may reasonably designate by written notice, only in respect of matters related to the operations of the Licensee in the Building, with a combined single limit of Ten Million Dollars (\$10,000,000.00) per occurrence for bodily injury or death or physical damage to tangible property including loss of use, physical damage to the Building and tangible property of the Licensor in the Building or bodily injury or death of the Licensor's employees, or bodily injury or death or physical damage to tangible property suffered by any of the tenants or occupants of the Building and their employees, and/or the customers of the Licensee and their employees in the Building. The Licensee's liability insurance may be composed of any combination of a primary policy and an excess liability or "umbrella" insurance policies, will contain owners' and contractors' protective coverage, standard non-owned automobile coverage, contingent employer's liability insurance, tenant's liability, a cross liability and severability of interests clause, and be written on an occurrence basis. As of the date hereof, the Licensee's Commercial General Liability insurance is composed of a primary policy and excess liability through an umbrella insurance policy.
- (b) The Licensee will also maintain (i) an automobile liability insurance policy, and (ii) all risk property insurance on the Licensee's Equipment with a sufficient insured limit to cover its replacement costs with a waiver of subrogation in favour of the Licensor or, alternatively, the Licensee may self insure for the full replacement cost of the Licensee's Equipment.
- (c) The Licensee's Commercial General Liability insurance shall be primary insurance insofar as the Licensor and the Licensee are concerned, with any other insurance maintained by the Licensor being excess and non-contributing with the insurance of the Licensee required hereunder with respect to the extent of the negligence of Licensee and those over whom it is responsible in law.
- (d) The Licensee shall provide proof of such insurance to the Licensor prior to commencement of any construction and notify the Licensor, in writing, that a policy is cancelled at least thirty (30) days prior to such cancellation. Annually, on the anniversary of the Commencement Date, or upon renewal of the respective policies as the case may be, the Licensee shall provide proof of such insurance in the form of insurance certificates signed by the Licensee's insurance brokers or its insurers' authorized representatives and in form, content, and detail consistent with the standard developed by ACORD (Association of Cooperative Operations, Research and Development) to the Licensor, acting reasonably.
- (e) The Licensor will maintain all risk property insurance on the Building.

- (a) any damage to the Licensee's Equipment, Equipment Room, and Area or loss of use of such property;
- (b) the quality, adequacy, compatibility or sufficiency of any Building Communication Spaces provided to the Licensee hereunder, it being acknowledged by the Licensee that all Building Communication Spaces are provided "as is" and "where is", the use of which is at the sole risk of the Licensee;

- (e) the inadequacy of any utility service, or the loss of or the failure to provide any utility service save and except for the failure of the Licensor to provide reasonable prior written notice in accordance with Section 5. Notwithstanding the foregoing, the Licensee acknowledges that interruptions in the supply of any services, systems or utilities are not uncommon in office buildings and the Licensee further acknowledges that any sensitive Equipment in and on the Building will be protected by the Licensee from any failure in supply or interruptions through the use of a UPS system, surge protectors and other appropriate safety systems; or
- (f) any damage, loss, cost or expense (whether below deductibles or not) which arises from damage to or loss of or use of property referred to in paragraph (a), or damage to property in respect of which the Licensee maintains property insurance coverage or is required to maintain property insurance in accordance with the terms of this Agreement, whether the property insurance is provided by a third party insurer or the Licensee self-insures, it being acknowledged that the Licensor, in requiring the Licensee to maintain property insurance or to self-insure, as provided above, does so with the intent that losses, regardless of how caused, are intended to be covered by that property insurance or self-insurance without any subrogation, claim or other claim associated with the loss or damage being brought against the Licensor.

This release extends to any acts or omissions of the Licensor but not to any negligent, grossly negligent or wrongful wilful acts or omissions of the Licensor except that for damage, loss, cost or expense referred to in paragraph (f) above, Licensor will only be responsible for any grossly negligent or wrongful wilful acts or omissions of the Licensor.

# **12. RELEASE BY LICENSOR**

# **13. LIENS – EXPANDED MEANINGS – AGENCY AND TRUST**

- (a) The Licensee shall be responsible for the satisfaction or payment of any liens for any provider of work, labour, material or services claiming by, through or under the Licensee. The provisions of this Section shall survive

termination of this Agreement. All such liens shall be removed within five (5) Business Days of written notice to the Licensee to do so. The Licensor may, at the cost of the Licensee, pay money into court to obtain removal of a lien if the Licensee fails to do so, as required, and the Licensee will pay the cost to the Licensor including the amount paid into Court plus an administration fee equal to fifteen percent (15%) of the amount.

- (b) Wherever a release is provided for under this Agreement in favour of the Licensor, it will be deemed to include the Released Licensor Persons. The Licensor acts as agent or trustee for the benefit of the Released Licensor Persons, and each of them, to allow them to enforce the benefit of this provision as well as the benefit of each release clause in this Agreement that is intended to benefit them.
- (c) Wherever a release is provided for under this Agreement in favour of the Licensee, it will be deemed to include the Released Licensee Persons. The Licensee acts as agent or trustee for the benefit of the Released Licensee Persons, and each of them, to allow them to enforce the benefit of this provision as well as the benefit of each release clause in this Agreement that is intended to benefit them.

#### 14. CONSEQUENTIAL DAMAGES

Neither the Licensor nor the Licensee will be liable to the other (regardless of any other provision of this Agreement), in respect of any indirect, special, incidental or consequential damages including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages.

#### 15. ASSUMPTION OF RESPONSIBILITY AND CONTROL

The Licensor reserves its right, consistent with the applicable decisions and rulings of the CRTC, to request the Licensee to transfer responsibility and control of its In-Building Wire. Such transfer shall be at the sole discretion of the Licensee and on terms and conditions acceptable to the Licensee. If the Licensor assumes responsibility and control of in-building wire installed by the Licensee, it will be entitled to recover the reasonable costs of its maintenance and management to the extent permitted by the CRTC.

#### 16. ASSIGNMENT, SUBLICENSING, ENCUMBERING, SHARING OF SPACE AND EQUIPMENT BY THE LICENSEE

- (a) The Licensee shall not assign this Agreement in whole or in part without obtaining the prior written consent of the Licensor which consent may not be unreasonably withheld. Despite what is stated above, the Licensee may assign its rights under this Agreement, on a bona fide basis, to an Affiliate without the prior written consent of the Licensor, to a purchaser of substantially all of the assets of the Licensee if: (i) the assignee executes an agreement with the Licensor to be bound by the terms of this Agreement and agrees to pay the reasonable costs of the Licensor incurred in connection with the preparation, negotiation and finalization of that agreement; (ii) the assignee agrees in the agreement referred to above, that should it cease to be an Affiliate of the Licensee, an assignment in respect of which the Licensor's consent is required as provided above will be considered to occur; and (iii) the assignee provides to the Licensor those reasonable particulars which the Licensor requires in order to satisfy itself concerning the requirements stipulated above, and provides to the Licensor reasonable advance notice to enable it to prepare, negotiate and obtain the execution of the agreement mentioned above and to satisfy itself that the requirements stipulated above are satisfied.
- (b) No assignment whether to an Affiliate or otherwise, shall release the Licensee from any liability or obligation under this Agreement, unless the Licensor provides a release in writing.
- (c) Except as required or mandated by the CRTC and as provided for in this Agreement, the Licensee will not sublicense, co-locate, share the use of, or otherwise provide the benefit of this Agreement to any third party telecommunication provider or other communication service provider and will

not mortgage or encumber its rights under this Agreement in favour of any Lender without the Licensors consent.

- (d) Despite what is stated above, the Licensee will be permitted to assign its rights under this Agreement to a bona fide third party lender, as collateral security for any bona fide, secured financing of all or part of its business undertaking. However, this permission does not imply or allow the inference that the Licensor waives, or is willing to forbear from the exercise of its remedies under this Agreement, should an Event of Default occur, nor that any lender will have any greater rights than the Licensee in respect of this Agreement, including but not limited to the restrictions set out in this Section 16.

#### 17. HAZARDOUS MATERIALS

The Licensee shall not install, bring upon, or use any Hazardous Substance into or on the Building except telecommunications equipment batteries in a manner and in quantities as necessary for the ordinary performance of Licensee's business in the Building, and provided that any such use is in compliance with all applicable laws. The Licensee shall indemnify and hold the Released Licensor Persons and any party the Licensor is responsible for at law, harmless from any claim, loss, cost, damage, or expense resulting from any breach regarding the installation or use of any Hazardous Substance brought into or on the Lands or Building by the Licensee, including any and all costs incurred in remedying such breach, such indemnity to survive the expiration or earlier termination of this Agreement.

#### 18. EVENTS OF DEFAULT - TERMINATION REMEDIES

- (a) Each of the following events shall be deemed to be an Event of Default by the Licensee under this Agreement:
- (i) the Licensee defaulting in the payment of any License Fee, amount, or portion thereof, or other sum of money due to the Licensor and such default continues for more than ten (10) Business Days, after written notification of such default by the Licensor to the Licensee;
  - (ii) there is interference with the telecommunications or computer equipment of the Licensor, any tenant, or any other occupant of the Building or any other telecommunications or computer devices provided in the Building by reason of, or as a result of, the installation, operation, maintenance, repair, or removal of the Licensee's Equipment, which interference is not cured within forty-eight (48) hours of the Licensee's receipt of written notice by the Licensor of such interference;
  - (iii) the revocation of the Licensee's permission to provide regulated or non-regulated telecommunications services by any governing entity authorized to permit or regulate the Licensee's providing of such services;
  - (iv) the Licensee's becoming insolvent, or the filing, execution, or occurrence of a petition in bankruptcy or other insolvency proceeding by or against the Licensee; or an assignment for the benefit of creditors; or a petition or proceeding by or against the Licensee for the appointment of a trustee, receiver or liquidator of the Licensee or of any of the Licensee's property or a proceeding by any governmental authority for the dissolution or liquidation of the Licensee;
  - (v) the appointment of a receiver, receiver and manager, or other representative in connection with any default by the Licensee under any loan or debt obligation;
  - (vi) the ceasing of the Licensee to carry on business in the ordinary course; or
  - (vii) if the Licensee shall default in the observance or performance of any of the Licensee's other obligations under this Agreement and such default shall continue for more than ten (10) Business Days after written notification of such default by the Licensor to the Licensee.

- (b) Upon or after the occurrence of an Event of Default the Licenser may elect to terminate this Agreement without limiting its other remedies.
- (c) If the Licenser shall default in the observance or performance of any of the Licenser's other obligations under this Agreement and such default shall continue for more than ten (10) Business Days after written notification of such default by the Licensee to the Licenser, the Licensee may terminate this Agreement without limiting its other remedies.

#### 19. RESTORATION OBLIGATIONS

At the expiration or earlier termination of this Agreement the Licensee shall, at the Licensee's sole cost and expense, without liens, remove the Entrance Cable, and all other items of the Licensee's Equipment except any part of it that by agreement between the Licensee and the Licenser has been acquired by the Licenser, and all of the Licensee's personal property from the Building. This obligation to remove the Entrance Cable and all other items of the Licensee's Equipment shall be subject to any CRTC-mandated obligations upon the Licensee to provide services to other TSP's. If any property that is required to be removed is not so removed within twenty (20) Business Days after the termination, the property may, at the Licenser's sole option, (i) be removed, or removed and stored by the Licenser at the Licensee's expense (and the Licensee will pay an administration fee equal to fifteen percent (15%) of the expense), or (ii) become the property of the Licenser without compensation to the Licensee. As of the date of such removal, neither party shall have any claim against the other, except for claims or obligations that may have arisen or accrued prior to such termination or arise by reason of the Licensee's Equipment and other equipment or property removal, which claims or obligations shall survive such termination. The Licensee further covenants, at its sole cost and expense, to repair or refinish all damage caused by the operation or removal of the Licensee's Equipment. If the Licensee fails to repair or refinish any such damage, the Licenser may, in its sole discretion, repair or refinish such damage and the Licensee shall reimburse the Licenser of all costs and expenses incurred in such repair or refinishing and will pay to the Licenser an administration fee equal to fifteen percent (15%) of the cost. The Licensee will provide to the Licenser upon completion of the removal of the Licensee's Equipment an engineer's report confirming completion of the removal in accordance with this Agreement.

#### 20. LICENSOR'S ALTERATIONS

Despite anything else in this Agreement, the Licenser may, at any time, make any changes in, additions to or relocations of any part of the Building; may grant, modify or terminate easements and any other agreements pertaining to the use or maintenance of all or any part of the Building, may close all or any part of the Building to such extent as the Licenser considers necessary to prevent the accrual of any rights in them to any persons; and the Licenser may also make changes or additions to the pipes, ducts, utilities and any other building services in the Building (including areas used or occupied by the Licensee) which serve any part of the Building. No claim for compensation shall be made by the Licensee by reason of any inconvenience, nuisance or discomfort arising from work done by the Licenser but the work will be done as expeditiously as is reasonably possible.

#### 21. NOTICES

Any demand, notice or other communication to be made or given in connection with this Agreement shall be in writing and shall be deemed received by the recipient on the date of delivery, provided that delivery is made before 5:00 p.m. on a Business Day, failing which receipt shall be deemed to have occurred the next following Business Day. Until notified of a different address, as provided herein, all notices shall be addressed to the parties as stipulated on the Information Page. Notices given by electronic means will not be considered to have been given in writing.

#### 22. LICENSEE'S EQUIPMENT TO REMAIN PERSONAL PROPERTY

**23. LICENSE ONLY**

This Agreement creates a non-exclusive license only and the Licensee acknowledges that the Licensee does not and shall not claim any interest or estate of any kind or extent whatsoever in the Building, Communications Spaces, or Equipment Room by virtue of this Agreement or the Licensee's use of the Building, Communications Spaces or Equipment Room. The relationship between the Licensor and the Licensee shall not be deemed to be a "landlord-tenant" relationship and the Licensee shall not be entitled to avail itself of any rights afforded to tenants at law.

**24. LIMITATION OF LIABILITY**

The obligations of the Licensor under this Agreement shall no longer be binding upon the Licensor if the Licensor sells, assigns or otherwise transfers its interest in the Building as owner or lessor (or upon any subsequent licensor or owner after the sale, assignment or transfer by such subsequent licensor). If there is such a sale, assignment or transfer, the Licensor's obligations shall be binding upon the grantee, assignee or other transferee of the interest, and any such grantee, assignee or transferee, by accepting such interest, shall be deemed to have assumed those obligations. A lease of the entire Building shall be deemed a transfer within the meaning of this Section. For greater clarity, nothing in this Section releases the Licensor from any liability(ies) that may arise prior to the date of such sale, assignment or transfer herein.

**25. SPECIFIC TERMINATION RIGHTS**

In addition to the other termination rights provided to it in this Agreement, either party may elect to terminate this Agreement in each of the following circumstances, subject to giving at least sixty (60) days' prior written notice to the other party:

- (a) where the Building has been destroyed, or damaged to such an extent that it is not feasible to repair it within a period of one hundred and eighty (180) days after the damage;
- (b) where the Area or the Communications Spaces become damaged and, it is not feasible to restore them within ninety (90) days after the damage;
- (c) where the Building is expropriated by a lawful authority;
- (d) where the Licensor wishes to redevelop, or otherwise alter the Building in such a manner as to, in the Licensor's sole opinion, make the relocation of any part of the Area or the Licensee's Equipment not feasible;
- (e) the Licensee no longer provides Licensee's Services in the Building;
- (f) the Licensee is unable to secure, on terms and conditions reasonably satisfactory to it, all necessary consents, approvals, permits and authorizations of any federal, municipal or other governmental authority having jurisdiction over the provisioning of Licensee Services or any other matters required by the Licensee to provide Licensee Services;
- (g) the Building is no longer a "Multi-Dwelling Unit Building" as defined by the CRIC, provided however that in such event the Licensor may, at its option, elect to have this Agreement continue, in which case no Fee or Recoverable Costs shall be payable by the Licensee hereunder during such time that the Building is not a Multi-Dwelling Unit Building, but all other terms and provisions hereof shall continue to apply; or
- (h) the Licensor, acting bona fide and in good faith, elects to demolish the Building.

**26. ESTOPPEL CERTIFICATES**

The Licensee will provide to the Licensor from time to time, within ten (10) Business Days of the Licensor's written request in each case, at no cost to the Licensor, a statement duly executed by the Licensee confirming that this Agreement is in good standing confirming, the Fees payable and the Fees actually paid to any date specified by the Licensor for the statement confirming the Commencement Date, the Term to which it claims to be entitled, and any other information that the Licensor reasonably requests pertaining to this Agreement or Building.

**28. SEVERAL OBLIGATIONS - NON-RECOURSE**

**29. ENTIRE AGREEMENT**

The terms and conditions contained in this Agreement supersede all prior oral or written understandings between the parties and constitute the entire agreement between them concerning the subject matter of this Agreement. This Agreement shall not be modified or amended except in writing signed by authorized representatives of the parties.

**30. LICENSEE'S REPRESENTATION**

The Licensee represents to the Licensor and acknowledges that the Licensor relies upon this representation and would not have entered into this Agreement but for that representation, that, the construction, design and operation of the Licensee's Equipment includes back-up, redundant and "fail safe" features so that the risk of damage, malfunction or disruption of the Licensee's Equipment disrupting service to customers or other third parties utilizing that network and equipment (except for telecommunication services between (i) the customers of the Licensee or the customers of telecommunication service providers that lease local loops from the Licensee to serve customers within the Building and (ii) persons communicating with those customers) is minimized.

**31. FORCE MAJEURE**

Without limiting or restricting the applicability of the law governing frustration of contracts, in the event either party fails to meet any of its obligations under this Agreement within the time prescribed, and such failure shall be caused, or materially contributed to, by force majeure, such failure shall be deemed not to be a breach of the obligations of such party under this Agreement, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances. For the purpose of this Agreement, force majeure shall include, but is not limited to: any acts of God, war, natural calamities, strikes, lockouts or other labour stoppages or disturbances, civil commotion or disruptions, riots, epidemics, acts of government or any competent authority having jurisdiction, or any other legitimate cause or event beyond the reasonable control of such party, and which, by the exercise of due diligence, such party could not have prevented, but lack of funds on the part of such party shall not be deemed to be a force majeure.
