Bell Fibre upgrade for the property at 21 Thelma Avenue, Toronto.

Upon approval of this access form Bell will look to perform the following:

- Install Bell fibre from the street manhole to main telephone room using existing infrastructure
- Upgrade or install fibre equipment
- Wire building for fibre usage

Bell will ensure any restorations are completed in a timely manner.

All associated costs will be paid for by Bell.

1. Bell is granted access to the building during normal service hours 365 days per year to maintain, repair, modify and upgrade the equipment for a term of 10 years from the date of this agreement. The term will be automatically renewed for additional one year terms so long as Bell's equipment remains in the building.
2. The signatory to this work order confirms that the Owner of the building has sufficient right, title and interest in the building to grant the rights in this agreement.
3. The Owner will use the same standard of care to protect Bell's equipment that they would use with their own equipment. The Owner will not tamper, damage, interfere or connect to Bell's equipment.
4. The Owner's sole remedy under the agreement will be the right to require Bell to repair any damages to the building caused directly by Bell.
5. If the Owner sells the building, it will cause the purchaser to deliver to Bell an agreement obligating the purchaser to assume and be bound by the obligations of the Owner set out in this agreement.
